Interisland quarantine ends for travel to Kauaʻi

LĪHUʻE – All restrictions on interisland travel are ending, effective Tuesday, June 15, 2021.

Passengers traveling from Oʻahu, Maui, or Hawaiʻi Island will no longer be required to complete a Safe Travels profile or provide proof of a pre-travel test or vaccination when arriving on Kauaʻi. This only applies to travel within the State of Hawaiʻi.

The mandatory traveler quarantine remains in effect for travel from out of state. Passengers arriving from the mainland or internationally are still required to complete a Safe Travels profile and either complete the required 10-day travel quarantine or receive a quarantine exception. The State of Hawaiʻi will grant exceptions with an approved pre-travel test from a Trusted Partner Lab. Effective June 15, fully vaccinated travelers, with at least one dose administered in Hawaiʻi, can upload their vaccination information to be exempt from the Trans-Pacific travel quarantine. Travelers are considered fully vaccinated on the 15th day after completing their vaccine dose(s).

At this time, the State of Hawaiʻi will not accept Trans-Pacific exceptions for vaccinations administered outside of Hawaiʻi.

For program rules and additional information, visit: https://hawaiicovid19.com/travel/

Governor David Ige issued the new regulations in his 21st emergency proclamation, which can be found at https://governor.hawaii.gov/.
If you have recently returned from travel, please get a FREE COVID-19 test at the Convention Hall, Monday through Friday, from 8 a.m. to 3:30 p.m. No appointment is needed. Please do not show up to the Convention Hall clinic if you have symptoms and instead call your healthcare provider.
