Water conservation notice lifted for Wainiha-Haena customers

HAENA – The Department of Water (DOW) has lifted the water conservation notice for Wainiha-Haena customers as of 4 p.m. today. Customers may now resume normal water use.

As normal water demand resumes, customers are advised that air or existing sediment may be mixed into the water causing it to appear white or milky at the tap. This is normal and if it occurs customers may flush water out from an outside hose bib until water runs clear.

DOW thanks Wainiha and Haena customers for their cooperation and conservation efforts.
