Hawai‘i State Department of Health Kaua‘i District Health Office announces one new case of COVID-19 on Feb. 6

LĪHU‘E – The Hawai‘i State Department of Health Kaua‘i District Health Office reported one new case of COVID-19 on Saturday, Feb. 6.

Today’s case is an adult male resident whose source of infection is related to community transmission. Although the case was diagnosed off-island, the timing of the travel is such that this case is considered community-acquired.

All active cases are in isolation. Close contacts are being identified, directed to quarantine, and offered testing.

Today’s case brings the number of active cases to two, with 211 cumulative cases. Kaua‘i’s cumulative case count includes 179 confirmed locally, one probable, and 31 positive cases diagnosed elsewhere, as they received their pre-travel test results after arriving on island.
