Roadwork to continue in Molokoa Subdivision from Feb. 19 through March 2

LĪHU'E – The Department of Public Works is announcing that GP Maintenance Solutions will be doing roadwork in the Molokoa Subdivision on weekdays, from Feb. 19 through March 2.

The scope of the work includes grass cutting and weed control of street and grassy shoulders. Portions of the subdivision will be affected.

No vehicle parking on the road or grassy shoulders from 7:30 a.m. to 5 p.m. Roads will not be closed during this phase of work. Please see maps below for specific locations.

Please be on the lookout for “No Parking” barricades and signs. This will be an indication that work is in the area. Please make the appropriate arrangements to accommodate the necessary road work. Vehicle parking on the streets and grassy road shoulders within the work zones during grass cutting and weed killing will not be allowed.

Any vehicle left on the street or grassy road shoulders within the work zones after 7:30 a.m. will be towed at the owner's expense. Work may be extended pending weather conditions.

For questions regarding this project, please call GP Maintenance Solutions at 808-864-0323.
