News Release
For Immediate Release: March 29, 2021

Hawai‘i State Department of Health Kaua‘i District Health Office announces one new case of COVID-19 on March 29

Today’s case is a female child resident whose source of infection is related to mainland travel and was identified via the Enhanced Movement Quarantine or “Resort Bubble” post-travel testing program.

Close contacts are being identified, directed to quarantine, and offered testing.

Today’s case brings the number of active cases to two, with 224 cumulative cases. Kaua‘i’s cumulative case count includes 190 confirmed locally, two probable, and 32 positive cases diagnosed elsewhere, as they received their pre-travel test results after arriving on island.
