Hawai‘i State Department of Health Kaua‘i District Health Office announces two new cases of COVID-19

LīHU‘E – The Hawai‘i State Department of Health Kaua‘i District Health Office reported two new cases of COVID-19 on Friday, Dec. 25.

Today’s cases are male residents: One case is travel-related, and the other is community-acquired. All active cases are in isolation, and one case is hospitalized on O‘ahu. Close contacts are being identified, directed to quarantine, and offered testing.

Today’s cases bring the number of on-island active cases to seven, with 164 cumulative cases. Kaua‘i’s cumulative case count includes 143 confirmed locally, one probable, and 20 positive cases diagnosed elsewhere, as they received their pre-travel test results after arriving on island.

Mayor’s Emergency Rule 23 is in effect, which sets a temporary moratorium of the Safe Travels program. Under Governor Ige’s 17th COVID-19 emergency proclamation, effective Dec. 17, all incoming travelers to Kaua‘i, including mainland, inter-island residents, and visitors, are under a mandatory 10-day quarantine.

The county’s modified quarantine program remains in place for critical infrastructure workers, essential medical travel, or other special circumstances. To apply for a modified quarantine, please visit www.kauai.gov/COVID-19 and click on the “modified quarantine request” button at the top of the page.
