MESSAGE FROM THE MAYOR

Aloha for reviewing the County of Kaua'i's Annual Report for fiscal year 2012 (FY12). This document contains detailed information, by department, of the activities of the various agencies throughout the period July 1, 2011 – June 30, 2012.

Some of the highlights of FY12 included the implementation of policies to continue improving upon government service internally and externally while being fiscally responsible and in compliance with federal, state and county laws.

Much effort was focused on pursuing construction-ready County capital improvement projects to aid in boosting the construction industry which in turn provided a positive economic impact to the community.

Economists forecast continuous improvement in the economy for the next fiscal year and the various County agencies are ready to assist our community in the diversification of agriculture, business, planning and energy.

In closing, allow me to express my appreciation to the County 'ohana for their efforts and hard work in providing the best public service to the community that we have the privilege to serve.

An Equal Opportunity Employer
