Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The County of Kauai (County) is required to submit a five-year Consolidated Plan (CP) to the U.S. Department of Housing and Urban Development (HUD) to receive federal Community Development Block Grant (CDBG) program funds. The purpose of the Consolidated Plan is to ensure that jurisdictions receiving federal assistance develop a plan on how to invest federal funds to address the needs of low- and moderate-income families.

The Annual Action Plan 2017 is a one-year snapshot of the Consolidated Plan and an application for the use of CDBG funds to the U. S. Department of Housing and Urban Development. The Action Plan identifies the linkage between federal resources and specific objectives identified in the County's Consolidated Plan. The Action Plan also identifies programs and resources that re leveraging other funds with CDBG funds during the program year to address the County's strategic goals.

The overall goal of the CDBG Program is to develop viable communities, principally for low- and moderate-income persons, by providing decent housing, a suitable living environment, and expanding economic opportunities. On Kauai, the CDBG Program is administered by the Kauai County Housing Agency.

The County is the designated state HTF subgrantee for HUD's new National Housing Trust Fund (HTF), to provide affordable rental housing units serving households with incomes at or below 30% of the area median income.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The Consolidated Plan addresses three principle areas of need: Housing and Special Needs Housing, Homeless, and Community Development needs.

An activity will have one of three low-mod objectives:

Suitable Living Environment - activities are designed to benefit communities, families or individuals by addressing their living environment.

Decent Housing - activities are designed to cover housing programs to meet individual family or community needs.

Creating Economic Opportunities - applies to the types of activities related to economic development, commercial revitalization, or job creation.

Once an objective is selected for an activity, an outcome will be selected from three categories:

Availability/Accessibility - this outcome category applies to activities that make services, infrastructure, public facilities, housing or shelter available or accessible to low- and moderate-income people, including those with disabilities.

Affordability - this outcome category applies to activities that provide affordability to low- and moderate-income people through creating, improving, or maintaining affordable housing, basic infrastructure, or services for transportation.

Sustainability - this outcome category applies to projects that are aimed at improving communities and neighborhoods by making them livable or viable for low- and moderate-income persons.

The County of Kauai will focus its HTF activities on the production, preservation of affordable rental housing and use funds to increase and preserve the supply of decent, safe, and sanitary affordable rental housing, primarily for extremely low-income (30% AMI) households.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The County of Kauai Housing Agency has effectively administered the CDBG grant for more than three decades and has been successful in implementing activities that meet the four priority concerns by the U.S. Department of Housing and Urban Development: housing and special needs housing, homelessness, community development, and fair housing.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The County's Citizen Participation Plan (CPP) is included in the five-year Consolidated Plan 2015-2020 and can be accessed at www.kauai.gov, under Government, Agencies, Housing Agency, Housing & Community Development and CDBG. The County's CPP describes the policies and procedures for citizen participation in the administration of the CDBG program. The plan seeks to involve citizen participation, especially among persons in lower income groups.

The Consolidated Plan and Assessment of Fair Housing (AFH) is required by the U.S. Department of Housing and Urban Development for jurisdictions to continue to receive federal housing and community development funding. The County of Kauai receives Community Development Block Grant funding annually. The Consolidated Plan examines the housing and community development needs of the County, sets priorities for CDBG funds, establishes an Annual Action Plan for meeting current and future needs, and identifies the County's performance in meeting its annual goals through the Consolidated Annual Performance Evaluation Report (CAPER). The County supports the AFH that will replace the Analysis of Impediments to Fair Housing (AI) to assist the County in identifying fair housing issues and related contributing factors to achieve comprehensive community development goals and affirmatively further fair housing. The Consolidated Plan and AFH are also required to have a strategy for resident participation in the planning process. Once the AFH is accepted, the County will make appropriate amendments to its Consolidated Plan to incorporate strategies and proposed actions consistent with the fair housing goals, issues, and other elements identified in the AFH.

In developing the Annual Action Plan, a series of public hearings were held to solicit input on community development, affordable housing and homeless needs. Public hearing notices were published in The Garden Island Newspaper. Public workshops were conducted at various locations on the island not only to receive input but also to provide information on CDBG grant eligibility and the application process. Another venue to disseminate information and solicit input is the County's website. Input provided through surveys, consultations and collaboration was included in the development of the plan and the County's goals.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

On March 28, 2017, the County received one written comment in favor of the Namahoe Leadership Voyaging Program. On April 18, 2017, there were four comments and one written comment submitted at the public hearing in favor of the following proposed projects: Namahoe Leadership Voyaging Program; Home Delivered Meals Vehicle Purchase; Ae Kamalii Preschool Restoration. All comments

were forwarded to the Mayor and County Council for consideration in the decision to approve appropriation of CDBG funds and submittal of the AAP 2017. All comments are attached to this plan.

6. Summary of comments or views not accepted and the reasons for not accepting them

Not applicable.

Narrative (optional)

The County of Kaua'i Housing Agency is a grantee for the CDBG Program and receives CDBG allocations directly from HUD. The County of Kaua'i is a state recipient for the HOME and Housing Trust Fund programs and receives allocations as a pass-through from the State of Hawai'i, Department of Business, Economic Development and Tourism, Hawai'i Housing Finance and Development Corporation (HHFDC). Goals, projects and allocations can be found in the State's Consolidated Plan, Annual Action Plan, Second Year, 2016 at <http://dbedt/hawaii.gov/hhfdc/resources/reports/>.

ESG and HOPWA programs are administered by the State of Hawai'i through the Department of Human Services, DBEDT, Homeless Programs Office.

Note: While we strive to honor traditional Hawaiian values and the Hawaiian language, limitations of current technology and the current reporting program did not allow us to use the diacritic mark, kahako. Exclusion of the diacritic mark is not a result of carelessness or disrespect. When possible, the okina, has been utilized.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

KCHA has administrative responsibility for the CDBG program and the implementation of the five-year Consolidated Plan, Annual Action Plan, and Consolidated Annual Performance and Evaluation Report. KCHA works with a variety of public agencies and non-profit organizations to ensure that benefits from the CDBG Program are delivered to the community.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

To enhance coordination between public and assisted housing providers, the Housing Director participates in monthly meetings with other directors from U.S. Department of Agriculture (USDA), Hawai'i Housing, Finance, & Development Corporation (HHFDC), Hawai'i Public Housing Authority (HPHA), U.S. Department of Housing and Urban Development (HUD), U.S. Department of Hawaiian Home Lands (DHHL), Office of Hawaiian Affairs (OHA), Native American Housing Assistance and Self Determination Act (NAHASDA), City & County of Honolulu, Maui and Hawai'i County Housing divisions. The Housing Director also attends weekly meetings with department heads from Kaua'i County to coordinate with planning, economic development, aging, public safety, recreation, public works, and other County officials. Other housing staff members participate in meetings and serve on various committees involving: fair housing; Section 8 eviction hearings; Workforce Investment Board; and CDBG & HOME programs. CDBG staff partners and collaborates with various state health agencies and community organizations, such as: State of Hawai'i Adult Mental Health, Vocational Rehabilitation, and Developmental Disabilities; Easter Seals of Hawai'i, EPIC Ohana, Young Life Capernum, Malama Pono Health Services, Hoola Lahui, and more. Consultations occur on a year-round basis with diverse providers that service the low- and moderate-income populations on Kaua'i.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The State of Hawai'i Department of Human Services (DHS) and Homeless Programs Office (HPO) contractually requires all homeless provider agencies funded by state and/or federal resources to participate in their respective County's Continuum of Care (CoC) for collaboration and input into community planning efforts. These agencies provide outreach, emergency/transitional shelters, permanent supportive housing, rapid re-housing, homeless prevention, Housing First Program, and other support services. These programs serve the following populations: chronic substance abuse; persons with HIV/AIDS; victims of domestic violence; and unaccompanied youth.

Bridging the Gap (BTG) is a geographically-based group of relevant stakeholder representatives that carry out planning responsibilities of the CoC programs and the goal to end homelessness. BTG is the union of three (3) rural county chapters:

- 1) Kaua'i Community Alliance (Kaua'i Chapter of BTG)
- 2) Community Alliance Partners (Hawai'i Island Chapter of BTG)
- 3) Maui Homeless Alliance (Maui Chapter of BTG)

Members of the local chapters collectively convene at least twice annually for general membership meetings. Because of the non-contiguous nature of each island, the meetings are conducted via electronic means (webinar, video teleconference, teleconference, or other generally available technologies).

The SOH HPO convenes the statewide Continuum of Care meeting every other month. Members of the group include the chairperson of each local chapter and a respective county government representative. The statewide planning body collaborates on priorities, strategic planning and resources. The group also takes an expanded role of advising the state on funding priorities and legislative initiatives.

In accordance with the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act, BTG works to use multiple resources to prevent homelessness or quickly rehouse homeless individuals and families while minimizing trauma and dislocation. BTG mandates collaboration among providers, promotes access to homeless assistance programs, encourages effective utilization of mainstream programs especially for special populations, and strives to optimize self-sufficiency among individuals and families experiencing homelessness or are at-risk of being homeless.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

BTG, in collaboration with DHS/HPO and the ESG program administrator, initially opted to divide the ESG award in near equal amounts between the shelter operations and homelessness prevention/rapid re-housing (HPRP) components. However, BTG elected to allocate the most recent ESG grant by apportioning forty percent (40%) to emergency shelter operations and sixty percent (60%) to homelessness prevention and rapid re-housing activities. This allocation formula reflects BTG's greater emphasis on rapid re-housing and helping people to quickly regain stability in permanent housing after experiencing a housing crisis and homelessness. Homelessness prevention and rapid re-housing activities include financial assistance for rent, security deposits, utilities, and housing relocation and stabilization services. BTG elected to allocate HPRP funds to one agency each in Maui, Kaua'i and Hawai'i counties.

In recent years, neighbor island representatives have become much more engaged in planning, advocacy, and data committee activities in conjunction with Partners In Care (PIC), the O'ahu Continuum of Care. Additionally, BTG has adopted a formal HMIS Security and Privacy Plan and a Policies and Procedures Manual which include security policies that detail how data is secured in HMIS; data sharing policies that detail with whom data is shared and for what purposes; and user access to HMIS. A formal data quality plan has also been adopted to define what constitutes a record for each program type; and determines timeliness, completeness and accuracy standards.

Moreover, data-driven performance standards are being updated and refined. These enhancements will allow the CoCs to utilize outcome measures to determine funding levels for applicants. HPO is in the process of developing a means to transform state funding determinations to more concisely reflect performance standards and performance based funding as HUD. While these systemic changes will take time to fully implement, the mechanisms to achieve and maintain progress have been executed.

To further promote collaboration among the CoC bodies, a portion of each Bridging the Gap meeting is set aside for the PIC chair and City and County of Honolulu representative to share information. This allows for discourse on legislative, advocacy, policy and data issues being addressed statewide. Additionally, many more neighbor island participants have requested placement on the PIC mailing list so that they can keep their agencies and their counties up-to-date, especially on state government issues during the legislative session. These efforts are building toward a greater sense of community across the state for homeless service providers, and thus, a more cohesive approach to our statewide infrastructure.

BTG also receives help from HUD with technical assistance with HMIS, performance measures, evaluation criteria, CoC operations, and guidance in creating policies and procedures.

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

In developing the Annual Action Plan, a series of public hearings were held to solicit input on community development, affordable housing and homeless needs. Public hearing notices were published in The Garden Island Newspaper. Public workshops were conducted at various locations on the island not only to receive input, but also to provide information on CDBG grant eligibility and the application process. Another venue to disseminate information and solicit input is the County's website. Input provided through surveys, consultations and collaboration was included in the development of the Consolidated Plan and the County's goals.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The amount available in "Prior Year Resources" reflect the current combined balances from the Housing Agency's CDBG revolving loan fund activities, Homebuyer Loan Program and Home Purchase Program. The County will make a request to HUD to reprogram or carry over prior year resources to each designated PY 2017 activity. Additionally, all other home sales, ground lease fees and loan repayments generated from the agency's housing programs will be receipted to the designated activities' revolving fund. The County expects to receive the remaining program income balance after the Neighborhood Stabilization Program (NSP) grant closeout. After official closeout, NSP PI will be transferred to CDBG PI

and will be subject to CDBG regulations.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Many community non-profit organizations leverage CDBG funds with other private and non-federal public sources. The leveraging of resources and anticipated amounts are identified with the description of CDBG activities that will take place during the program year. Other sources of funds that are potentially available to support the objectives of an Annual Action Plan may include: Low-Income Housing Tax Credits, Section 8 Housing Choice Vouchers, Economic Development Initiative, U.S. Department of Agriculture Rural Development programs, private foundations, state CIP funds, and County funds.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

To meet the housing needs of Kaua'i County, there are various public housing for elderly and families developed with funding or support from federal, state or county resources. The following is a list of county-owned or leased land or property that could meet housing needs identified in the plan:

- 1) Kalepa Village I, II, III, IV - existing; 180 affordable rental units.
- 2) Pa'anau Village I & II - existing; 110 affordable rental units.
- 3) Kaniko'o (Rice Camp Senior Housing) - existing; 90-unit affordable rental complex for seniors 62 years or older.
- 4) Lima Ola - 75 acres for workforce housing development; could potentially develop 550 affordable homes of various units types to include single-family detached units, duplexes and small-lot units intended for aging in place; master plan has been completed.
- 5) Ko'ae - 11 acres for workforce housing development with 150 units of residential density.

Discussion

"Prior Year Resources" reflect the combined amount available from revolving loan fund balances and \$11,749 in pre-2015 grant funds remaining balances from completed, closed projects. Funds from RLF balances will be utilized in the Home Buyer Loan Program and Home Purchase Program. Funds available from cancelled projects or completed projects, or by the receipt of program income, may be reprogrammed to any approved CDBG or HOME Action Plan or County eligible project in accordance with the requirements of the County's Citizen Participation Plan and approval from U.S. Department of Housing & Urban Development, Honolulu Field Office.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The County does not use a formula for allocating CDBG funds. CDBG funds are allocated through a competitive application which scores and ranks applications for eligibility, project readiness, experience and qualifications, and priorities. Final outcomes for project selection and funding levels are subject to the approval of the mayor and fund appropriation of the County Council. As a result of using this process, the allocation of CDBG funding varies from year to year. Funding cuts pose obstacles to addressing underserved needs. Annual requests for public service funding far exceeds the 15 percent cap. Organizations are forced to decrease the intended amount of participants to serve.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Kaua'i Community Alliance, a local chapter of the Continuum of Care, works in collaboration with the County of Kaua'i and the State's Homeless Programs Office to provide services and assess the needs of our homeless community to ensure that they receive the proper level of care. Kaua'i Economic Opportunity, Inc. (KEO) operates the island's only overnight emergency shelter. With assistance from the County, KEO will receive additional funds to extend six months operational services to their PY16 CDBG project that increases the amount of beds from nineteen (19) beds to thirty-nine (39) beds per night.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Statewide annual Point-in-Time Count is held at the end of January. During this count, volunteers are visually able to locate individuals and offer immediate or future assistance. KEO operates the island's only homeless outreach van which travels island wide on a daily schedule to provide care kits, and services to the island's homeless population. In May 2016, KEO received Grant-in-Aid funds to operate a daytime assessment center located in the emergency shelter. In collaboration with Kaua'i Community Alliance, agencies will participate in the assessment center programs. The center provides a place where homeless individuals can receive assistance to determine the level of services needed and have agencies immediately available to start the intake process.

Addressing the emergency shelter and transitional housing needs of homeless persons

The County of Kaua'i in collaboration with KEO, will provide additional funds (\$24,000) to continue the island's only overnight emergency shelter. The shelter's capacity is a total of thirty nine (39) individuals nightly.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that

individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Support services are adequately in place to provide guidance and resources for individuals and families transitioning from shelter or transitional housing to permanent housing, or independent living for homeless individuals and their families. Agencies assist with completing applications, rental deposit assistance and financial assistance when available. Agencies also provide job skills training to prepare them for employment, transportation to interviews and bus passes (when available) to help sustain employment.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The State Homeless Programs Division works diligently to seek and provide funds to assist with prevention of homelessness. Kauai County is currently in its beginning phases of the Coordinated Entry System, which follows the Housing First model. The Housing First model provides housing as a first step, without preconditions and wrap around services to follow. Once off the street, services are provided and recovery begins. The model is created to assist individuals or families with support and/or social services to sustain and thrive in their new living environment and thus becoming productive members of their communities. Kauai County's local CoC chapter participating agencies and local churches currently provides services to people who are incarcerated, while their services are limited during their incarceration, it continues after they released from incarceration, assistance is also offered to the families of the incarcerated individual after their release. Kauai County's CoC agencies all work together to provide a variety of services for Homeless, At Risk Homeless and Formerly Homeless individuals and families, services include but not limited to case management, employment skills, financial education, substance abuse classes, ATV classes, etc. Financial assistance is also available for WAP, LIHEAP, deposits, and back rental payments. These are just a few of the services offered, again, assistance varies from agencies and funding availability. KCHA will continue to work with the CoC, Homeless Programs Office, and other institutions or systems of care to make funding available for eligible activities to help

meet the needs of the specific populations they serve.

Discussion

HOPWA funds are administered through the State Homeless Programs Division. Maui Aids Foundation receives the annual allocation for HOPWA and distributes funds to the neighboring Counties (Kauai, Maui and Hawaii County). Goals are listed in the State of Hawaii Consolidated Plan, Annual Action Plan, third program year, July 1, 2017 - June 30, 2018.

One year goals for the number of households to be provided housing through the use of HOPWA for:

- Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family
- Tenant-based rental assistance
- Units provided in housing facilities (transitional or permanent) that are being developed, leased, or operated
- Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

In the context of building homes that are affordable, many government regulations are in place to ensure health and safety and to protect natural resources. However, government regulations can work against developing affordable housing. The most common types of regulation that affect housing are building codes, environmental regulations, zoning, land use, impact fees and exactions, fiscal policy and administrative practices. The negative effects from regulation are delays and additional costs to develop. In developing affordable housing, this can directly impact project feasibility.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Tax Policy -- No actions or reform steps proposed.

Land Use Controls -- The Housing Agency will support efforts that streamline the planning, zoning and permitting process through the administration of the County's 201-H policy and processing of development exemptions for eligible applicants that develop at least 51% of the total project units as affordable housing.

Affordable Housing Task Force – The Housing Agency will continue to assist private developers through it's the Affordable Housing Task Force. The Task Force consists of representative from county line review agencies and provides a private developer the opportunity to dialogue and receive feedback to help streamline project review time.

Expedited Permitting – The Housing Agency, under authority of the Mayor, will continue to recommend expedited permitting for affordable housing projects. Projects so designated will be given preferential permitting by review agencies.

Fee and Charges -- The Housing Agency will continue to administer requests for waivers of fees and charges allowed for affordable housing pursuant to Kaua'i County Code for building permits, sewer

connection fees, environmental impact assessment fees, etc.

Growth Limits -- Continue to support the development of comprehensive planning for the island's communities consistent with the general plan update. Endorse planning principles that integrate reasonable growth principles.

Policies that Affect the Return on Residential Investment -- The County will impose deed restrictions on the transfer of dwelling units according to the minimum requirements of Ordinance No. 860. This deed restriction requires owner occupancy of the units. If the owner wishes to sell their unit within a buyback period, the unit must be first offered to the County at a price determined by a prescribed formula.

AP-85 Other Actions – 91.220(k)

Introduction:

Promoting activities within the County brings awareness and education to the public on relevant issues on fair housing. Under the PY 2016 Action Plan, the County will continue to take actions to address obstacles to meet underserved needs, foster and maintain housing, and remove barriers to affordable housing.

Actions planned to address obstacles to meeting underserved needs

To address obstacles, the County will undertake the following actions:

- Leverage federal resources (e.g. Low Income Housing Tax Credits) to increase the supply of rental housing for underserved lower income populations.
- Invest federal resources to maintain the supply of rental housing for the underserved lower income populations.
- Invest federal resources (e.g. HOME) to produce low cost rental units for transitional programs for a segment of the island's population preparing for a transition to permanent housing.
- Utilize the County's Fast Track Permitting for Workforce Housing Projects that speed the process in order to accelerate development for new affordable housing.
- Support applications that seek funding by non-profit organizations from other federal sources that are consistent with Consolidated Plan objectives and priorities.

Actions planned to foster and maintain affordable housing

- Provide CDBG loan assistance through Home Buyer Loan Program to provide low-cost mortgage loans to low- and moderate-income households.
- Provide CDBG funds to purchase and/or rehabilitate homes to resell to low-and moderate-income households.
- Operate and maintain County's inventory of 160 affordable rental units primarily for low-income households at affordable and stable rents.

Actions planned to reduce lead-based paint hazards

The county will continue to address lead-based paint to:

- Comply with federal guidelines under 24 CFR 35 for testing and abating lead-based paint hazards in projects receiving federal assistance;
- Require owner participants in the Section 8 Rental Assistance Program to certify that they will

advise the County and tenant-family of any lead-based paint on surface of homes used to participate in the program;

- Provide each tenant participant in the Section 8 Rental Assistance Program, Home Buyer Loan Program and Home Purchase Program with a copy of the EPA Bulletin, "Protect Your Family From Lead in Your Home"; and
- Abate lead-based paint on structures undergoing major renovation with financing through government programs, such as HOME and CDBG, and provide technical assistance in the abatement design and construction process.

Actions planned to reduce the number of poverty-level families

The County will continue to operate a Family Self-Sufficiency (FSS) Program that assists Section 8 Housing Choice Voucher clients develop skills, abilities, and self-confidence needed to find and maintain jobs which pay adequate wages to minimize a need for public assistance.

The County will support services designed towards achieving self-sufficiency:

- Provide funds to non-profit organizations with social services that will strengthen families;
- Make funds available to organizations that provide protective services for children and adults; and
- Provide funds to organizations for job training and placement services to help individuals become financially self-sufficient.

Actions planned to develop institutional structure

The County will utilize the new policy Fast Track Permitting for Workforce Housing Projects that will speed the permitting process on projects with at least 51% affordable housing units.

Actions planned to enhance coordination between public and private housing and social service agencies

The County will continue to provide public meetings in which citizens, agencies and interested parties are encouraged to give input and participate in identifying community needs and strategies. The County will continue to foster relationships with private organizations, businesses, and developers to build partnerships that can initiate and support economic and community development. Additionally, the County will continue to maintain, foster, and find new public agencies and non-profit organizations to ensure that benefits from the CDBG program are delivered to the community.

h. Describe the jurisdiction's required priority for funding based on the merits of the application in meeting the priority housing needs of the jurisdiction (such as housing that is accessible to transit or employment centers, housing that includes green building and sustainable development features, or housing that serves special needs populations).

i. Describe the jurisdiction's required priority for funding based on the location of existing affordable housing.

j. Describe the jurisdiction's required priority for funding based on the extent to which the application makes use of non-federal funding sources.

2. Does the jurisdiction's application require the applicant to include a description of the eligible activities to be conducted with HTF funds?

3. Does the jurisdiction's application require that each eligible recipient certify that housing units assisted with HTF funds will comply with HTF requirements?

4. Performance Goals and Benchmarks. The jurisdiction has met the requirement to provide for performance goals, consistent with the jurisdiction's goals established under 24 CFR 91.215(b)(2), by including HTF in its housing goals in the housing table on the SP-45 Goals and AP-20 Annual Goals and Objectives screens.

5. Rehabilitation Standards. The jurisdiction must establish rehabilitation standards for all HTF-assisted housing rehabilitation activities that set forth the requirements that the housing must meet upon project completion. The jurisdiction's description of its standards must be in sufficient detail to determine the required rehabilitation work including methods and materials. The standards may refer to applicable codes or they may establish requirements that exceed the minimum requirements of the codes. The jurisdiction must attach its rehabilitation standards below. If the jurisdiction will not use HTF funds for the rehabilitation of housing, enter "N/A".

In addition, the rehabilitation standards must address each of the following: health and safety; major systems; lead-based paint; accessibility; disaster mitigation (where relevant); state and local codes, ordinances, and zoning requirements; Uniform Physical Condition Standards; and Capital Needs

Assessments (if applicable).

6. Resale or Recapture Guidelines. If the jurisdiction will not use HTF funds to assist first-time homebuyers, enter "N/A".

7. HTF Affordable Homeownership Limits. If the jurisdiction intends to use HTF funds for homebuyer assistance and does not use the HTF affordable homeownership limits for the area provided by HUD, it must determine 95 percent of the median area purchase price and set forth the information in accordance with §93.305. If the jurisdiction will not use HTF funds to assist first-time homebuyers, enter "N/A".

8. Limited Beneficiaries or Preferences. Describe how the jurisdiction will limit the beneficiaries or give preferences to a particular segment of the extremely low- or very low-income population to serve unmet needs identified in its consolidated plan or annual action plan. If the jurisdiction will not limit the beneficiaries or give preferences to a particular segment of the extremely low- or very low-income population, enter "N/A."

Any limitation or preference must not violate nondiscrimination requirements in § 93.350, and the jurisdiction must not limit or give preferences to students. The jurisdiction may permit rental housing owners to limit tenants or give a preference in accordance with § 93.303 only if such limitation or preference is described in the action plan.

9. Refinancing of Existing Debt. Enter or attach the jurisdiction's refinancing guidelines below. The guidelines describe the conditions under which the jurisdiction will refinance existing rental housing project debt. The jurisdiction's refinancing guidelines must, at minimum, demonstrate that rehabilitation is the primary eligible activity and ensure that this requirement is met by establishing a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing. If the jurisdiction will not refinance existing debt, enter "N/A."
