

DEREK S.K. KAWAKAMI, MAYOR REIKO MATSUYAMA, MANAGING DIRECTOR

TO COMMERCIAL TIPPING FEE CHARGE APPLICANT:

Pursuant to Section 21-9.2 of the Kauai County Code 1987 as amended, the County of Kauai, Department of Public Works, Division of Solid Waste Management has implemented tipping fees based on actual scale weight at Kekaha landfill. Copies of the Section of the County Code or ordinances are available upon request.

It is essential that you complete the attached application in order to establish your tipping fee charge account. To prevent processing delays, please be aware of the following when you fill out the application:

- 1. <u>Vehicles can be listed under one company only</u>. If you are currently sharing financial responsibility for one vehicle with another company, arrangements should be made between both companies regarding which account the vehicle will be listed under.
- 2. <u>License numbers should be current and a copy of the motor vehicle registration must be attached for each vehicle</u>.
- 3. <u>Certification of cubic yard capacity by a registered surveyor or licensed engineer must be attached for each vehicle</u>. Certifications shall 1)be on surveyor's/engineer's letterhead, 2)list vehicle license and/or vehicle identification no. and cubic yard capacity, 3)be signed, dated, and stamped with surveyor's/engineer's seal. Trailer certifications must specify basic or with extension, the measurement of the extension, and corresponding cubic yard capacity. Please refer to attachment for more information regarding cubic yard capacity for cars and trucks up to 3/4 T.
- 4. <u>Fill in all information--missing information will lead to delays in processing</u>.

Please respond as quickly as possible to ensure that your account is established and to prevent delays at the landfill. Applications can be dropped off or mailed to:

COUNTY OF KAUAI SOLID WASTE TIPPING FEE

Certificate of Capacity

In the event that scales become inoperable, tipping fees shall be assessed based on cubic yard capacity. Please be advised that failure to provide this information may result in delays and/or denial of access to the landfill.

Certification of cubic yard capacity is not required for cars--minimum tipping fee of \$21.00 will be assessed should the scale be inoperable.

In lieu of obtaining a surveyor's or engineer's certification of cubic yard capacity, commercial haulers with vehicles classified as mini trucks, 1/2-ton, or 3/4-ton can defer to a predetermined cubic yard capacity schedule established by the Department of Public Works. Please indicate this preference by indicating truck size (mini, 1/2-T, 3/4-T) and noting "PER COUNTY SCHEDULE" in the "Cubic Yard Capacity" column on Part IV-Truck List of your tipping fee application.

COUNTY SCHEDULE -- Cubic Yard (cy) Capacity
