The Honorable Anthony Foxx
Secretary, U.S. Department of Transportation
1200 New Jersey Ave, SE
Washington, D.C. 20590

Dear Secretary Foxx,

As a business owner on Rice Street, I strongly support the County of Kauai's TIGER grant application to complete the Lihue Town Core Mobility and Revitalization Project.

I located here because I saw the potential for Rice Street to be a vibrant pedestrian-friendly center and work as Vice President of our Lihue Business Association to achieve that purpose. As this project achieves that goal, the community and my business will thrive as a result. In fact, budding urban planning movements sprouting in cities across the globe proves that similar small-scale, community-driven projects have the power to effect positive change.

Respectfully Submitted,

Palmer W. Hafdahl, AIA
