Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The County of Kauai (County) is required to submit a five-year Consolidated Plan (CP) to the U.S. Department of Housing and Urban Development (HUD) to receive federal Community Development Block Grant (CDBG) program funds. The purpose of the Consolidated Plan is to ensure that jurisdictions receiving federal assistance develop a plan on how to invest federal funds to address the needs of low- and moderate-income families.

The Annual Action Plan 2018 is a one-year snapshot of the Consolidated Plan and an application for the use of CDBG funds to the U. S. Department of Housing and Urban Development. The Action Plan identifies the linkage between federal resources and specific objectives identified in the County's Consolidated Plan. The Action Plan also identifies programs and resources that leverage other funds with CDBG funds during the program year to address the County's strategic goals.

The overall goal of the CDBG Program is to develop viable communities, principally for low- and moderate-income persons, by providing decent housing, a suitable living environment, and expanding economic opportunities. On Kauai, the CDBG Program is administered by the Kauai County Housing Agency.

The County is the designated subgrantee for the HOME Investment Partnerships Program (HOME) and National Housing Trust Fund (HTF). These programs are funded by HUD and administered by the state Hawaii Housing Finance and Development Corporation (HHFDC), to develop and provide affordable housing opportunities for extremely low- to low-incomes at or below 30% to 80% of the area median income.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The Consolidated Plan addresses three principle areas of need: Housing and Special Needs Housing, Homeless, and Community Development needs.

An activity will have one of three low-mod objectives:

Suitable Living Environment - activities are designed to benefit communities, families or individuals by addressing their living environment.

Decent Housing - activities are designed to cover housing programs to meet individual family or community needs.

Creating Economic Opportunities - applies to the types of activities related to economic development, commercial revitalization, or job creation.

Once an objective is selected for an activity, an outcome will be selected from three categories:

Availability/Accessibility - this outcome category applies to activities that make services, infrastructure, public facilities, housing or shelter available or accessible to low- and moderate-income people, including those with disabilities.

Affordability - this outcome category applies to activities that provide affordability to low- and moderate-income people through creating, improving, or maintaining affordable housing, basic infrastructure, or services for transportation.

Sustainability - this outcome category applies to projects that are aimed at improving communities and neighborhoods by making them livable or viable for low- and moderate-income persons.

The County of Kauai focuses its HTF activities on the production, preservation of affordable rental housing and use funds to increase and preserve the supply of decent, safe, and sanitary affordable rental housing, primarily for extremely low-income (30% AMI) households.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The County of Kauai Housing Agency has effectively administered the CDBG grant for more than three decades and has been successful in implementing activities that meet the four priority concerns by the U.S. Department of Housing and Urban Development: housing and special needs housing, homelessness, community development, and fair housing.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The County's Citizen Participation Plan (CPP) is included in the five-year Consolidated Plan 2015-2020 and can be accessed at www.kauai.gov, under Government, Agencies, Housing Agency, Housing & Community Development and CDBG. The County's CPP describes the policies and procedures for citizen participation in the administration of the CDBG program. The plan seeks to involve citizen participation, especially among persons in lower income groups.

The Consolidated Plan and Assessment of Fair Housing (AFH) is required by the U.S. Department of Housing and Urban Development for jurisdictions to continue to receive federal housing and community development funding. The County of Kauai receives Community Development Block Grant funding annually. The Consolidated Plan examines the housing and community development needs of the County, sets priorities for CDBG funds, establishes an Annual Action Plan for meeting current and future needs, and identifies the County's performance in meeting its annual goals through the Consolidated Annual Performance Evaluation Report (CAPER). The County supports the Analysis of Impediments to Fair Housing (AI) to assist the County in identifying fair housing issues and related contributing factors to achieve comprehensive community development goals and further fair housing. The Consolidated Plan and AI are also required to have a strategy for resident participation in the planning process. The County will make appropriate amendments to its Consolidated Plan to incorporate strategies and proposed actions consistent with the fair housing goals, issues, and other elements identified in the AI.

In developing the Annual Action Plan, a series of public hearings were held to solicit input on community development, affordable housing and homeless needs. Public hearing notices were published in The Garden Island Newspaper. Public workshops were conducted at various locations on the island not only to receive input but also to provide information on CDBG grant eligibility and the application process. Another venue to disseminate information and solicit input is the County's website. Input provided through surveys, consultations and/or collaboration was included in the development of the plan and the County's goals.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

On April 5, 2019, the County conducted a hearing to receive comments from the public on the 2019 proposed projects. No comments were received.

6. Summary of comments or views not accepted and the reasons for not accepting them

Not applicable.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

KCHA has administrative responsibility for the CDBG program and the implementation of the five-year Consolidated Plan, Annual Action Plan, and Consolidated Annual Performance and Evaluation Report. KCHA works with a variety of public agencies and non-profit organizations to ensure that benefits from the CDBG Program are delivered to the community.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

To enhance coordination between public and assisted housing providers, the Housing Director participates in monthly meetings with other directors from U.S. Department of Agriculture (USDA), Hawai'i Housing, Finance, & Development Corporation (HHFDC), Hawai'i Public Housing Authority (HPHA), U.S. Department of Housing and Urban Development (HUD), U.S. Department of Hawaiian Home Lands (DHHL), Office of Hawaiian Affairs (OHA), Native American Housing Assistance and Self Determination Act (NAHASDA), City & County of Honolulu, Maui and Hawai'i County Housing divisions. The Housing Director also attends weekly meetings with department heads from Kaua'i County to coordinate planning with economic development, aging, public safety, recreation, public works and other County officials. Other housing staff members participate in meetings and serve on various committees involving: fair housing; Section 8 eviction hearings; Workforce Investment Board; and CDBG & HOME programs. CDBG staff partners and collaborates with various state health agencies and community organizations, such as: State of Hawai'i Adult Mental Health, Vocational Rehabilitation, and Developmental Disabilities; Easter Seals of Hawai'i, EPIC Ohana, Young Life Capernum, Malama Pono Health Services, Hoola Lahui, and more. Consultations occur on a year-round basis with diverse providers that service the low- and moderate-income populations on Kaua'i.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The State of Hawai'i Department of Human Services (DHS) and Homeless Programs Office (HPO) contractually requires all homeless provider agencies funded by state and/or federal resources to participate in their respective County's Continuum of Care (CoC) for collaboration and input into community planning efforts. These agencies provide outreach, emergency/transitional shelters, permanent supportive housing, rapid re-housing, homeless prevention, Housing First Program, and other support services. These programs serve the following populations: chronic substance abuse; persons with HIV/AIDS; victims of domestic violence; mental health and unaccompanied youth.

Bridging the Gap (BTG) is a geographically-based group of relevant stakeholder representatives that carry out planning responsibilities of the CoC programs and the goal to end homelessness. BTG is the union of three (3) rural county chapters:

- 1) Kaua'i Community Alliance (Kaua'i Chapter of BTG)
- 2) Community Alliance Partners (Hawai'i Island Chapter of BTG)
- 3) Maui Homeless Alliance (Maui Chapter of BTG)

Members of the local chapters collectively convene at least twice annually for general membership meetings. Because of the non-contiguous nature of each island, the meetings are conducted via electronic means (webinar, video teleconference, teleconference, or other generally available technologies).

Bridging the Gap Executive Board convenes every other month for the statewide Continuum of Care meeting. Members of the group include the chairperson of each local chapter and a respective county government representative. The statewide planning body collaborates on priorities, strategic planning and resources. The group also takes an expanded role of advising the state on funding priorities and legislative initiatives.

In accordance with the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act, BTG works to use multiple resources to prevent homelessness or quickly rehouse homeless individuals and families while minimizing trauma and dislocation. BTG mandates collaboration among providers, promotes access to homeless assistance programs, encourages effective utilization of mainstream programs especially for special populations, and strives to optimize self-sufficiency among individuals and families experiencing homelessness or are at-risk of being homeless.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

BTG, elected to allocate the most recent ESG grant by apportioning forty percent (40%) to emergency shelter operations and sixty percent (60%) to homelessness prevention and rapid re-housing activities. This allocation formula reflects BTG's greater emphasis on rapid re-housing and helping people to quickly regain stability in permanent housing after experiencing a housing crisis and homelessness. Homelessness prevention and rapid re-housing activities include financial assistance for rent, security deposits, utilities, and housing relocation and stabilization services. BTG elected to allocate HPRP funds to one agency each in Maui, Kaua'i and Hawai'i counties.

Neighbor island representatives continue to engage in planning, advocacy, and data committee activities in conjunction with Partners In Care (PIC), the O'ahu Continuum of Care. Additionally, BTG has adopted a

formal HMIS Security and Privacy Plan and a Policies and Procedures Manual which include security policies that detail how data is secured in HMIS; data sharing policies that detail with whom data is shared and for what purposes; and user access to HMIS.

Data-driven performance standards are continuously being updated and refined to meet requirement standards. These enhancements will allow the CoCs to utilize outcome measures to determine funding levels for applicants. HPO is in the process of developing a means to transform state funding determinations to more concisely reflect performance standards and performance based funding as HUD. While these systemic changes will take time to fully implement, the mechanisms to achieve and maintain progress have been executed.

To further promote collaboration among the CoC bodies, a portion of each Bridging the Gap meeting is set aside for the PIC chair and City and County of Honolulu representative to share information. This allows for discourse on legislative, advocacy, policy and data issues being addressed statewide. Additionally, many more neighbor island participants have requested placement on the PIC mailing list so that they can keep their agencies and their counties up-to-date, especially on state government issues during the legislative session. These efforts continue to build toward a greater sense of community across the state for homeless service providers, and thus, a more cohesive approach to our statewide infrastructure.

BTG also receives help from HUD with technical assistance with HMIS, performance measures, evaluation criteria, CoC operations, and guidance in creating policies and procedures.

In developing the Annual Action Plan, a series of public hearings were held to solicit input on community development, affordable housing and homeless needs. Public hearing notices were published in The Garden Island Newspaper. Public workshops were conducted at various locations on the island not only to receive input, but also to provide information on CDBG grant eligibility and the application process. Another venue to disseminate information and solicit input is the County's website. Input provided through surveys, consultations and/or collaboration was included in the development of the Consolidated Plan and the County's goals.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The amount available in "Prior Year Resources" reflect the current combined balances from the Housing Agency's CDBG revolving loan fund activities, Homebuyer Loan Program and Home Purchase Program. The County will make a request to HUD to reprogram or carry over prior year resources to each designated PY 2019 activity. Additionally, all other home sales, ground lease fees and loan repayments generated from the agency's housing programs will be receipted to the designated activities' revolving fund. The County is the designated state Housing Trust Fund (HTF) subgrantee for HUD's National HTF, to develop and preserve affordable rental housing serving extremely low-income (30% AMI) households. The County will receive PY 2019 HTF allocation totaling \$1,425,000 in accordance with the rotation of HOME funds.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Many community non-profit organizations leverage CDBG funds with other private and non-federal public sources. The leveraging of resources and anticipated amounts are identified with the description of CDBG activities that will take place during the program year. Other sources of funds that are potentially available to support the objectives of an Annual Action Plan may include: Low-Income Housing Tax Credits, Section 8 Housing Choice Vouchers, Economic Development Initiative, U.S. Department of Agriculture Rural Development programs, private foundations, state CIP funds, and County funds.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

To meet the housing needs of Kaua'i County, there are various public housing for elderly and families developed with funding or support from federal, state or county resources. The following is a list of county owned or leased land or property that could meet housing needs identified in the plan:

- 1) Kalepa Village I, II, III, IV - existing; 180 affordable rental units.
- 2) Pa'anau Village I & II - existing; 110 affordable rental units.
- 3) Kaniko'o (Rice Camp Senior Housing) - existing; 90-unit affordable rental complex for seniors 62 years or older.
- 4) Lima Ola - 75 acres for workforce housing development; could potentially develop 550 affordable homes of various units types to include single-family detached units, duplexes and small-lot units intended for aging in place; anticipated groundbreaking for onsite infrastructure of Phase 1, 149 residential lots, in December 2019.
- 5) Ko'ae - 11 acres for workforce housing development with 150 units of residential density; anticipated completion in December 2020.

Discussion

"Prior Year Resources" reflect the combined amount available from revolving loan fund balances and grant funds remaining balances from completed, closed projects. Funds from RLF balances will be utilized in the Home Buyer Loan Program and Home Purchase Program. Funds available from cancelled projects or completed projects, or by the receipt of program income, may be reprogrammed to any approved CDBG, HOME or Action Plan or County eligible project in accordance with the requirements of the County's Citizen Participation Plan and approval from U.S. Department of Housing & Urban Development, Honolulu Field Office.

Pursuant to regulations at 2 CFR 200.458, 24 CFR 570.200(h) and to assist the County's efforts to comply with the CDBG timeliness regulations, the County may exercise the option to incur pre-award costs up to 25 percent of the annual allocation or \$300,000, whichever is greater.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The County does not use a formula for allocating CDBG funds. CDBG funds are allocated through a competitive application which scores and ranks applications for eligibility, project readiness, experience and qualifications, and priorities. Final outcomes for project selection and funding levels are subject to the approval of the mayor and fund appropriation of the County Council. The allocation of CDBG funding varies from year to year. Annual funding cuts pose obstacles to addressing underserved needs. Annual requests for public service funding far exceeds the 15 percent cap. Organizations are forced to decrease the intended amount of participants to serve.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Kauai Community Alliance (KCA), a local chapter of the Continuum of Care (CoC), works in collaboration with the County of Kauai and the State's Homeless Programs Office (HPO) to provide services and assess the needs of our homeless community to ensure that they receive the proper level of care and or services.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Statewide annual Point-in-Time (PIT) count is held at the end of January. During this count, volunteers are visually able to locate individuals and offer immediate or future assistance. Kauai Economic Opportunity, Inc. (KEO) operates the island's only homeless outreach van which travels island wide on a daily schedule to provide care kits, and services to the island's homeless population. The County has implemented its Coordinated Entry System (CES). The CES institutes a consistent and uniform access, assessment, prioritization, and referral process to determine the most appropriate response to each family or individuals immediate housing needs.

Addressing the emergency shelter and transitional housing needs of homeless persons

The County of Kauai in collaboration with Women in Need, will provide \$465,752.00 in CDBG funds for a down payment to acquire the property that is utilized as a transitional housing and shelter.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Support services and programs are in place to provide guidance and resources for individuals and

families transitioning from homelessness, shelter or transitional housing to permanent housing or independent living. Housing assistance programs include, but are not limited to, Housing Choice Voucher (HCV) program, Tenant Based Rental Assistance (TBRA) voucher assistance program. Service programs that are available for families who have experience homelessness and to prevent them from becoming homeless again, are provided through the Permanent Supportive Housing (PSH) program, Rapid Rehousing Program (RRH) and Transitional Housing (TH) program.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The State's HPO division works diligently to seek and provide funds to assist with prevention of homelessness. Kauai County has implemented its CES program, which follows the Housing First (HF) model. The HF model provides housing as a first step, without preconditions and wrap around services to follow. The model is created to assist individuals and/or families with support and/or social services to sustain and thrive in their new living environment and thus becoming productive members of their communities. KCA's participating agencies and local churches currently provide services to people who are incarcerated. While services are limited during their incarceration, it continues after they are released. Assistance is also offered to families of incarcerated persons after their release. KCA agencies work together to provide a variety of services for homeless, at-risk homeless and formerly homeless individuals and families. Services include, but are not limited to, case management, employment skills, financial education, substance abuse classes, ATV classes, etc. These are just a few of the services offered, again, assistance varies from agencies and funding availability. KCHA will continue to work with the CoC, HPO and other institutions or systems of care to make funding available for eligible activities to help meet the needs of the specific populations they serve.

One year goals for the number of households to be provided housing through the use of HOPWA for:

- Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family
- Tenant-based rental assistance

- Units provided in housing facilities (transitional or permanent) that are being developed, leased, or operated
- Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

In the context of building homes that are affordable, many government regulations are in place to ensure health and safety and to protect natural resources. However, government regulations can work against developing affordable housing. The most common types of regulation that affect housing are building codes, environmental regulations, zoning, land use, impact fees and exactions, fiscal policy and administrative practices. The negative effects from regulation are delays and additional costs to develop. In developing affordable housing, this can directly impact project feasibility.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Tax Policy -- No actions or reform steps proposed.

Land Use Controls -- The Housing Agency will support efforts that streamline the planning, zoning and permitting process through the administration of the County's 201-H policy and processing of development exemptions for eligible applicants that develop at least 51% of the total project units as affordable housing.

Affordable Housing Task Force – The Housing Agency will continue to assist private developers through it's Affordable Housing Task Force. The Task Force consists of representatives from County line review agencies and provides a private developer the opportunity to dialogue and receive feedback to help streamline project review time.

Expedited Permitting – The Housing Agency, under authority of the Mayor, will continue to recommend expedited permitting for affordable housing projects. Projects so designated will be given preferential permitting by review agencies.

Fee and Charges -- The Housing Agency will continue to administer requests for waivers of fees and charges allowed for affordable housing pursuant to Kaua'i County Code for building permits, sewer connection fees, environmental impact assessment fees, etc.

Growth Limits -- The County will continue to support the development of comprehensive planning for the island's communities consistent with the general plan update and endorse planning principles that integrate reasonable growth principles.

Policies that Affect the Return on Residential Investment -- The County will impose deed restrictions on the transfer of dwelling units according to the minimum requirements of Ordinance No. 860. This deed restriction requires owner occupancy of the units. If the owner wishes to sell their unit within a buyback period, the unit must be first offered to the County at a price determined by a prescribed formula.

AP-85 Other Actions – 91.220(k)

Introduction:

Promoting activities within the County brings awareness and education to the public on relevant issues on fair housing. Under the PY 2018 Action Plan, the County will continue to take actions to address obstacles to meet underserved needs, foster and maintain housing, and remove barriers to affordable housing.

Actions planned to address obstacles to meeting underserved needs

- Invest federal resources to maintain the supply of rental housing for the underserved lower income populations.
- Invest federal resources (e.g. HOME) to produce low cost rental units for transitional programs for a segment of the island's population preparing for a transition to permanent housing.
- Utilize the County's Fast Track Permitting for Workforce Housing Projects that speed the process in order to accelerate development for new affordable housing.
- Support applications that seek funding by non-profit organizations from other federal sources that are consistent with Consolidated Plan objectives and priorities.

Actions planned to foster and maintain affordable housing

- Provide CDBG funds to purchase and/or rehabilitate homes to resell to low-and moderate-income households.
- Operate and maintain County's inventory of 160 affordable rental units primarily for low-income households at affordable and stable rents.

Actions planned to reduce lead-based paint hazards

The County will continue to address lead-based paint to:

- Comply with federal guidelines under 24 CFR 35 for testing and abating lead-based paint hazards in projects receiving federal assistance;
- Require owner participants in the Section 8 Rental Assistance Program to certify that they will

advise the County and tenant-family of any lead-based paint on surface of homes used to participate in the program;

- Provide each tenant participant in the Section 8 Rental Assistance Program, Home Buyer Loan Program and Home Purchase Program with a copy of the EPA Bulletin, "Protect Your Family From Lead in Your Home"; and
- Abate lead-based paint on structures undergoing major renovation with financing through government programs, such as HOME and CDBG, and provide technical assistance in the abatement design and construction process.

Actions planned to reduce the number of poverty-level families

The County will continue to operate the Family Self-Sufficiency (FSS) Program that assists Section 8 Housing Choice Voucher clients develop skills, abilities, and self-confidence needed to find and maintain jobs which pay adequate wages to minimize a need for public assistance.

- Provide funds to organizations for job training and placement services to help individuals become financially self-sufficient.

Actions planned to develop institutional structure

The County will utilize the Fast Track Permitting for Workforce Housing Projects that will speed the permitting process on projects with at least 51% affordable housing units.

Actions planned to enhance coordination between public and private housing and social service agencies

The County will continue to provide public meetings in which citizens, agencies and interested parties are encouraged to give input and participate in identifying community needs and strategies. The County will continue to foster relationships with private organizations, businesses, and developers to build partnerships that can initiate and support economic and community development. Additionally, the County will continue to maintain, foster, and find new public agencies and non-profit organizations to ensure that benefits from the CDBG program are delivered to the community.

Housing Trust Fund (HTF)
Reference 24 CFR 91.220(l)(5)

1. Distribution of Funds

a. Describe the eligibility requirements for recipients of HTF funds (as defined in 24 CFR § 93.2).

Rental Housing - County will focus HTF funds on providing affordable rental housing to 30% AMI households. HTF funds may be used for the production, preservation, and rehabilitation of affordable rental housing through the acquisition, new construction, reconstruction, or rehabilitation of non-luxury housing with suitable amenities.

All rehabilitation projects must meet applicable HTF rehabilitation standards and the requirements of 24 CFR 93.301(b). However, the County intends to expend HTF funds received in PY 2019 only for the new construction of rental housing.

Eligible HTF activities and expenses include: real property acquisition, site improvements and development hard costs, related soft costs, conversion, demolition, financing costs, relocation assistance, operating cost assistance and reasonable administrative and planning costs for HTF program administration.

b. Describe the jurisdiction's application requirements for eligible recipients to apply for HTF funds.

An organization, agency or other entity (including a public housing agency, or a for-profit entity, or a nonprofit entity) is eligible to apply for HTF assistance as an owner or developer to carry out an HTF-assisted project. An HTF Recipient must:

- Make assurances to the County that it will comply with the requirements of the HTF program during the entire period that begins upon the selection of the recipient to receive HTF funds, and ending upon the conclusion of all HTF-funded activities;
- Demonstrate the ability and financial capacity to undertake, comply and manage the eligible activity;
- Demonstrate its familiarity with the requirements of other Federal, State, or local housing programs that may be used in conjunction with HTF funds to ensure compliance with all applicable requirements and regulations of such programs; and
- Have demonstrated experience and capacity to conduct an eligible HTF activity as evidenced by its ability to own, construct, or rehabilitate, and manage an affordable multifamily rental housing development.

c. Describe the selection criteria that the jurisdiction will use to select applications submitted by eligible recipients.

The following selection criteria shall be used in the evaluation of HTF Applications:

- **Timeliness and Readiness to Proceed (Max. 30 pts.)** – The proposed project is feasible and will meet the required timelines to commit and expend HTF funds. Factors to be considered for timeliness and readiness are site control, financial commitments, environmental factors, zoning, utilities and site and neighborhood standards;
- **Consolidated Plan Priorities (Max. 10 pts.)** – The extent to which the project proposes accomplishments that will meet the rental housing objectives for the County. Preference to projects will be based on several factors, such as accessibility to employment opportunities, public transportation, schools, etc. Geographical distribution will be targeted to the three primary areas of Kauai's transit and employment, which are, Kawaihau district, Lihue district and the Koloa district. Other factors are considered, are housing that includes green building and sustainable building features or housing that serves special needs populations;
- **Development Experience and Financial Capacity (Max 25 pts.)** – Applicant's ability to obligate HTF dollars and undertake funded activities in a timely manner, past performance using federal funds, evidence of experience in developing and managing projects of similar type of scope, staff qualifications, fiscal soundness, and qualifications of the proposed project team, including proven record of experience with comparable projects;

- Financially Feasible Project (Max. 25 pts.) – Project pro forma to cover a minimum 30-year HTF affordability period and include rents that are affordable to extremely low-income households. Priority to be given for projects with extended affordability periods and project-based rental assistance; and
- Use of Non-Federal Funding Sources (Max. 10 pts.) – For extremely low-income targeting of 30% AMI, other funding sources compatible with HTF are needed. Priority consideration will be given to the extent HTF leverages non-federal funding sources.
- A minimum score of 50 points (out of the 100 total points) must be scored in order to be recommended for the award of HTF funds. Successful Recipient(s) will receive a Notice of Award, which will state that the County’s intent to award HTF funds is subject to approval by the approving authorities of the County, HHFDC, and HUD.
- Maximum Per-Unit Development Subsidy Limits – Each year, HHFDC must establish maximum limitations on the total amount of HTF funds that may be invested per-unit for development of non-luxury rental housing projects. The HOME Program Maximum Per-Unit Subsidy Limits have been adopted for the HTF program. The development costs of affordable rental housing across the state are generally higher in comparison with the HOME subsidy limits. However, due to the limited funding, the HTF projects will require leveraging with other significant sources of funds. The HOME subsidy limit provides a reasonable maximum to develop a greater number of HTF assisted units throughout the state.

d. Describe the jurisdiction’s required priority for funding based on geographic distribution, which is a description of the geographic areas of the State (including areas of low-income and minority concentration) in which it will direct assistance during the ensuing program year.

Geographical distribution will be given preference to the three primary areas of Kauai’s transit and employment, which are: Kawaihau district, Lihue district and the Koloa district. Other factors considered are housing that includes green building and sustainable building features or housing that serves special needs populations.

e. Describe the jurisdiction’s required priority for funding based on the applicant's ability to obligate HTF funds and undertake eligible activities in a timely manner.

An organization, agency or other entity (including a public housing agency, or a for-profit entity, or a nonprofit entity) is eligible to apply for HTF assistance as an owner or developer to carry out an HTF-assisted project. An HTF Recipient must:

- Make assurances to the County that it will comply with the requirements of the HTF program during the entire period that begins upon the selection of the recipient to receive HTF funds, and ending upon the conclusion of all HTF-funded activities;
- Demonstrate the ability and financial capacity to undertake, comply and manage the eligible activity;
- Demonstrate its familiarity with the requirements of other Federal, State, or local housing programs that may be used in conjunction with HTF funds to ensure compliance with all applicable requirements and regulations of such programs; and
- Have demonstrated experience and capacity to conduct an eligible HTF activity as evidenced by its ability to own, construct, or rehabilitate, and manage an affordable multifamily rental housing development.

f. Describe the jurisdiction’s required priority for funding based on the extent to which rents for units in the rental project are affordable to extremely low-income families.

Rental Housing – County will focus HTF funds on providing affordable rental housing to 30% AMI households. HTF funds may be used for the production, preservation, and rehabilitation of affordable rental housing through acquisition, new construction, reconstruction, or rehabilitation of non-luxury housing with suitable amenities.

g. Describe the jurisdiction’s required priority for funding based on the financial feasibility of the project beyond the required 30-year period.

<TYPE=[text] REPORT_GUID=[BF7C87974C6C0E412C49F996E29F6595]
PLAN_SECTION_ID=[2480701070]>

h. Describe the jurisdiction’s required priority for funding based on the merits of the application in meeting the priority housing needs of the jurisdiction (such as housing that is accessible to transit or employment centers, housing that includes green building and sustainable development features, or housing that serves special needs populations).

Consolidated Plan Priorities – The extent to which the project proposes accomplishments that will meet the rental housing objectives for the County. Preference to projects will be based on several factors, such as accessibility to employment opportunities, public transportation, schools, etc. Geographical distribution will be targeted to the three primary areas of Kauai’s transit and employment, which are: Kawaihau district, Lihue district and the Koloa district. Other factors considered are housing that includes green building and sustainable building features or housing that serves special needs populations.

i. Describe the jurisdiction's required priority for funding based on the location of existing affordable housing.

The National Housing Trust Fund priority for funding based on the location of existing affordable housing is to focus on the preservation of rental housing for extremely low-income (30% AMI) families in Kauai County.

j. Describe the jurisdiction's required priority for funding based on the extent to which the application makes use of non-federal funding sources.

Use of Non-Federal Funding Sources – For extremely low-income targeting of 30% AMI, other funding sources compatible with HTF are needed. Priority consideration will be given to the extent HTF leverages non-federal funding sources.

2. Does the jurisdiction's application require the applicant to include a description of the eligible activities to be conducted with HTF funds?

Yes

3. Does the jurisdiction's application require that each eligible recipient certify that housing units assisted with HTF funds will comply with HTF requirements?

Yes

4. Performance Goals and Benchmarks. The jurisdiction has met the requirement to provide for performance goals, consistent with the jurisdiction's goals established under 24 CFR 91.215(b)(2), by including HTF in its housing goals in the housing table on the SP-45 Goals and AP-20 Annual Goals and Objectives screens.

7. HTF Affordable Homeownership Limits. If the jurisdiction intends to use HTF funds for homebuyer assistance and does not use the HTF affordable homeownership limits for the area provided by HUD, it must determine 95 percent of the median area purchase price and set forth the information in accordance with §93.305. If the jurisdiction will not use HTF funds to assist first-time homebuyers, enter "N/A".

N/A

8. Limited Beneficiaries or Preferences. Describe how the jurisdiction will limit the beneficiaries or give preferences to a particular segment of the extremely low- or very low-income population to serve unmet needs identified in its consolidated plan or annual action plan. If the jurisdiction will not limit the beneficiaries or give preferences to a particular segment of the extremely low- or very low-income population, enter "N/A."

Any limitation or preference must not violate nondiscrimination requirements in § 93.350, and the jurisdiction must not limit or give preferences to students. **COUNTY OF KAUAI
HOUSING TRUST FUND PROGRAM
ALLOCATION PLAN**

I. INTRODUCTION

The National Housing Trust Fund (“HTF”) was created under Title 1 of the Housing and Recovery Act of 2008, Section 1131 (Public Law 110-289) and is administered by the U.S. Department of Housing and Urban Development (“HUD”). The regulations which govern the HTF are contained in 24 CFR Part 93, Housing Trust Fund. The purpose of HTF is to provide grants to State governments to increase and preserve the supply of decent, safe, and sanitary affordable housing for primarily extremely low-income (30% AMI) households.

II. STATE ALLOCATION PLAN

The Hawaii Housing Finance and Development Corporation (HHFDC) is a designated HTF Grantee for the State of Hawaii. HHFDC’s HTF Allocation Plan has received approval from HUD for allocating HTF funds to the counties. HHFDC’s Allocation Plan requires HTF projects to be selected and awarded through an HTF Application issued by the counties. The County of Kauai (“County”) is a designated HTF Subgrantee.

III. DISTRIBUTION OF FUNDS

The County will receive an allocation of \$1,425,000 in PY 2019 HTF funds. The HTF allocation includes \$1,350,000 in program funds, and \$75,000 for administrative and planning expenses. The County’s Consolidated Plan identifies a substantial need for new affordable rental housing. Consequently, the County will invest PY 2019 HTF funds for rental housing activities. The County expects to implement rental projects through a third-party Recipient (e.g. owner; developer) that meets the eligibility requirements described herein. The annual distribution is described below:

- a. County will retain 5% of the HTF annual allocation for allowable administrative and planning expenses.
- b. The balance of the HTF annual allocation will be provided to Recipient(s) selected through the County’s HTF Application.
- c. The HTF Program requires the commitment of funds within 24 months of HUD’s execution of the HTF Grant Agreement. In order to meet this requirement, the County must commit funds by the commitment date established in the Subgrantee Agreement.

IV. ELIGIBLE ACTIVITIES AND EXPENSES

Rental Housing – County will focus HTF funds on providing affordable rental housing to 30% AMI households. HTF funds may be used for the production, preservation, and rehabilitation of affordable rental housing through the acquisition, new construction, reconstruction, or rehabilitation of nonluxury housing with suitable amenities.

All rehabilitation projects must meet applicable HTF rehabilitation standards and the requirements of 24 CFR 93.301(b). However, inasmuch as the County intends to expend PY 2019 HTF only for the new construction of rental housing, rehabilitation standards are not provided with this Allocation Plan.

Eligible HTF activities and expenses include: real property acquisition, site improvements and development hard costs, related soft costs, conversion, demolition, financing costs, relocation assistance, operating cost assistance and reasonable administrative and planning costs for HTF program administration.

V. ELIGIBLE RECIPIENTS

An organization, agency or other entity (including a public housing agency, or a for-profit entity, or a nonprofit entity) is eligible to apply for HTF assistance as an owner or developer to carry out an HTF-assisted project. An HTF Recipient must:

- a. Make assurances to the County that it will comply with the requirements of the HTF program during the entire period that begins upon the selection of the recipient to receive HTF funds, and ending upon the conclusion of all HTF-funded activities;
- b. Demonstrate the ability and financial capacity to undertake, comply and manage the eligible activity;
- c. Demonstrate its familiarity with the requirements of other Federal, State, or local housing programs that may be used in conjunction with HTF funds to ensure compliance with all applicable requirements and regulations of such programs; and

2019 Annual Action Plan to include this HTF Allocation Plan and selected project(s) for PY 2019 HTF funding.

VII. APPLICATION AND AWARD PROCESS

Applications for the HTF are issued, accepted and selected by the County for project funding consideration, subject to the availability of funds. Applications are reviewed for eligibility and are rated using the selection criteria. Each application must describe the eligible activity to be conducted with HTF funds and contain a certification by the eligible Recipient that housing units assisted with HTF will comply with the HTF requirements.

In addition, Recipients must provide performance goals and benchmarks that the County can use to monitor efforts to accomplish the rental housing objectives. Rental housing projects may provide tenant preferences in accordance with 24 CFR 93.303, if provided for in the County's consolidated plan. Any limitation or preference must not violate nondiscrimination requirements in 24 CFR 93.350.

Based on the County's PY 2019 HTF project selection, no identifiable tenant preferences are provided with this Allocation Plan.

Minimum Thresholds:

- a. **Timeliness and Readiness to Proceed (Max. 30 pts.)** – The proposed project is feasible and will meet the required timelines to commit and expend HTF funds. Factors to be considered for timeliness and readiness are site control, financial commitments, environmental factors, zoning, utilities and site and neighborhood standards;
- b. **Consolidated Plan Priorities (Max. 10 pts.)** The extent to which the project proposes accomplishments that will meet the rental housing objectives for the County. Other factors are considered, such as where the

project is located in proximity to transit or employment centers, and housing that includes green building and sustainable building features or housing that serves special needs populations;

- c. **Development Experience and Financial Capacity (Max 25 pts.)**
Applicant's ability to obligate HTF dollars and undertake funded activities in a timely manner, past performance using federal funds, evidence of experience in developing and managing projects of similar type and scope, staff qualifications, fiscal soundness, and qualifications of the proposed project team, including proven record of experience with comparable projects;
- d. **Financially Feasible Project (Max. 25 pts.)** – Project pro forma to cover a minimum 30-year HTF affordability period and include rents that are affordable to extremely low-income households. Priority to be given for projects with extended affordability periods and project-based rental assistance; and
- e. **Use of Non-Federal Funding Sources (Max. 10 pts.)** – For extremely low-income targeting of 30% AMI, other funding sources compatible with HTF are needed. Priority consideration will be given to the extent HTF leverages non-federal funding sources.

A minimum score of 50 points (out of the 100 total points) must be scored in order to be recommended for the award of HTF funds. Successful Recipient(s) will receive a Notice of Award, which will state that the County's intent to award HTF funds is subject to approval by the approving authorities of the County, HHFDC, and HUD.

g. **Maximum Per-Unit Development Subsidy Limits** Each year, HHFDC must establish maximum limitations on the total amount of HTF funds that may be invested-per-unit for development of non-luxury rental housing projects. The Public Housing Development Cost Limits (TDCs) for elevator structures, as annually established by HUD, have been adopted for the HTF program. HUD's data is based on construction cost indices for the area and is published annually by HUD's Office of Public and Indian Housing. The development costs of affordable rental housing across the state are generally higher comparison but the TDCs provide a reliable maximum subsidy limit which will produce a greater number of HTF assisted units throughout the state. The limits are applicable statewide but, in the future, should HUD's data indicate that costs vary significantly across the state, the limits may be adjusted accordingly.

The following table reflects the maximum per unit subsidy limits by bedroom size for housing assisted with HTF within the State of Hawaii, for PY 2019.

Bedrooms	Proposed PY 2019 HTF Maximum Per-Unit Subsidy Limits

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the County certifies that:

Affirmatively Furthering Fair Housing -- It will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-Displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential anti displacement and relocation assistance plan required under section 102(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

A. Drug-Free Workplace -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about -
 - (a) The dangers of drug abuse in the workplace;
 - (b) The grantee's policy of maintaining a drug-free workplace;
 - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -
 - (a) Abide by the terms of the statement; and
 - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(a) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted -
 - (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (h) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5, and 6.

B. Anti-Lobbying -- To the best of the County's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-L.L.L., "Disclosure Form to Report Lobbying," in accordance with its instructions; and

Specific CDBG Certifications

The County certifies that:

Citizen Participation – It is in full compliance and following a detailed citizen participation plan that satisfied the requirements of 24 CFR 91.105.

Community Development Plan – Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income (24 CFR 570.2 and 24 CFR part 570).

Following a Plan – It is following a current consolidated plan that has been approved by HUD.

Use of Funds – It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give the maximum feasible priority to activities that will benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available;
2. **Overall Benefit.** The aggregate use of CDBG funds, including section 108 guaranteed loans, during the program year of 2019, shall principally benefit low- and moderate-income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. **Special Assessment.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low- and moderate-income, including any fee charged or assessment made as a condition of obtaining access to such public improvements. However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- The County has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from, a facility or location that is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d), the Fair Housing Act (42 U.S.C. 3601-3619), and implementing regulations.

Lead-based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, K, and R.

Compliance with Laws -- It will comply with applicable laws.

A. Lobby Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.

3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. 5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.
