Aloha! It is with great pleasure that I recognize the men and women of the Kaua’i Police Department in their ongoing commitment to making Kaua’i a better, safer place to live and visit.

The people of Kaua’i are fortunate to have a police department that goes beyond law enforcement, and focuses on prevention, community service, educational outreach and charity work, including:

- More than doubling the amount of search warrants initiated from the previous year, leading to the recovery of countless illegal firearms, drugs, drug paraphernalia, stolen money and goods.
- Continuing advanced training opportunities, including hosting the FBI National Academy for a workshop tailored to senior law enforcement.
- Expanding the courses and opportunities offered to Kaua’i’s youth through the Kaua’i Police Activities League.
- Increasing traffic enforcement efforts, which has led to the most number of traffic citations and fewest traffic fatalities on Kaua’i in recent history.

Our officers are truly public servants and I commend their dedication and commitment to serving our community and bettering the Kaua’i Police Department.

Bernard P. Carvalho, Jr.
Mayor, County of Kaua’i
The Kaua`i Police Commission consists of seven members, appointed by the mayor, and confirmed by the Kaua`i County Council. The Commission holds regular public meetings at a designated time and place. The Kaua`i Police Commission is mandated with these responsibilities:

- Appoints and may remove the Chief of Police.
- Adopt such rules it may consider necessary for the conduct of its business and the regulation of matters relating to the goals and aims of the Kaua`i Police Department.
- Review the annual budget prepared by the Chief of Police and may make recommendations thereon to the Mayor.
- Receive, consider and investigate charges brought by the public against the conduct of the department or any of its members and submit a written report of its findings to the Chief of Police within 90 days.
- Refer all matters relating to the administration of the department to the Chief of Police.
Aloha,

Calendar 2017 goals were a continuation of several significant projects that impacted the health and welfare of our community. Activities at an international, national, and local level with respect to law enforcement challenges influenced our internal and external priorities.

The following information depicts the ten (10) goals that were established for the 2017 Calendar year to specifically address various areas of concern:

3. Succession Planning- Develop and implement a curriculum to better prepare sworn officers for the promotional process.
4. Crime Reduction- Decrease the number of outstanding bench/arrest warrants by 20% over 2016 totals.
5. Traffic Safety- Increase enforcement of moving violations by 10% above 2016 totals.
6. Expand Response Capabilities- Establish a Crisis Intervention Team (CIT) and provide training for first responders.
8. Meet the standards set forth by the U.S. Department of Justice regarding the Uniform Crime Reporting data, and testing of sexual assault kits.
9. Minimize road closure times after major traffic collisions.
10. Meet the objectives of the 2017 Recruitment plan which consists of the objective to hire ten (10) officers for the 2017 calendar year and to evaluate the feasibility of recommendations made by the Matrix Consulting Group to include a cadet program and bonus program.

In addition to the above mentioned goals, the need to keep our roadways safe is a priority with this administration therefore, to reduce major traffic collisions and fatalities, increased driver education, enforcement citations, and arrests for driving under the influence were increased by 10% over the previous year. On an annual basis over 30,000 deaths occur nationwide on our roads. With increased enforcement efforts, risky behavior will be modified and hopefully, as a result, the number of traffic collisions will drop.

The Kaua‘i Police Department continues to focus its resources on recruitment and retention because even at our maximum authorized strength of 168 sworn officers, we are still over 50 sworn officers short from recommended staffing levels based on the United States Department of Justice population to police officer ratios—while taking into consideration other factors such as increases in calls for service, population density growth, geographical separation of communities, and officer safety that relates to an uptick of violent crimes. It should be noted that KPD has not increased sworn positions in over 24 years, while service delivery requests and responses have increased by over 100%.

Openness is the hallmark of democracy, therefore to be as transparent as possible 8 community meetings were scheduled throughout the island to answer and address concerns of our community members. These meetings were in addition to other crime prevention, and informational meetings that are conducted throughout the year.

Attempts were made to acquire a modular building to accommodate our training programs. At this juncture, the project is on hold pending further developments. As liability becomes issues with regard to training, it is essential that KPD has its own training facility to accommodate the demands and expectations being placed on police officers, and its administration.

Over the past 5-10 years, hundreds of innocent men, women, and children were needlessly murdered by individuals who had mental health issues, but were still able to acquire assault weapons and other firearms. While the issue concerning challenges to the 2nd Amendment of our Constitution—the Right to bear arms—must be addressed, there is still a strong and immediate need to keep our community safe. With that in mind, KPD is reaching out to the Department of Education to provide active shooter response training and develop procedures if an incident should occur here on Kaua‘i.

In closing I would like to thank the Kaua‘i Police Commission, Mayor Bernard P. Carvalho Jr., employees of the Kaua‘i Police Department, and finally the community of Kaua‘i, for their continued support in keeping Kaua‘i the safest county in the State of Hawaii.

CHIEF OF POLICE

The Chief of Police plans, organizes, staffs, directs and controls the personnel and resources of the department and administers the department in a manner consistent with the Charter of the County of Kaua‘i and the laws of the State of Hawai‘i.

The Chief of Police is responsible for the following:

- Preservation of the public peace
- Protection of rights of persons and property
- Prevention of crime
- Detection and arrest of offenders
- Enforcement of all State laws and County ordinances and all rules and regulations made pursuant thereto; and
- Service of processes and notices in criminal and civil proceedings.

The Chief is also responsible for training, equipping, maintaining, and supervising a force of police officers and necessary staff.

From time to time, the Chief of Police makes reports to the Police Commission as required. In addition, the Chief of Police submits an annual report to the Police Commission of the state of affairs and condition of the department.

CRIMINAL INTELLIGENCE UNIT

The Criminal Intelligence Unit of the Kaua‘i Police Department works directly under the Office of the Chief of Police.

The primary goal of the unit is to gather raw data related to organized crime activities in the County of Kaua‘i and the State of Hawaii. Such activities involve gambling, prostitution, loan sharking, illegal drug distribution, counterfeiting, extortion, and corruption of law enforcement officers and public officials.

The Unit then takes the raw data and creates an actionable intelligence product and disseminates the intelligence product to respected bureaus for further investigation. The unit also provides dignitary protection, monitors domestic and international terrorist activities and serves as a vital support group for other bureaus within the department.

Sergeant Anthony Abalos was responsible for directing, planning, and coordinating the overall activities of the unit. He was assisted by Officer Alan Andres.

The Criminal Intelligence Unit is part of a statewide network of officers from various police departments and law enforcement agencies. Officers work collectively investigating, collating, and analyzing information regarding organized crime and other criminal elements.
OFFICE OF PROFESSIONAL STANDARDS

The Kaua’i Police Department is committed to providing the highest level of professional services to the residents and visitors of Kaua’i.

To ensure that our values of Respect, Integrity, Professionalism and community satisfaction are met, the Kaua’i Police Department encourages citizens and employees to bring forth complaints regarding inadequate service or employee misconduct.

The mission of the Office of Professional Standards (OPS) is to protect and serve the Public, Police Department and its employees, through proactive, fair, thorough, and impartial investigations of alleged employee misconduct.

Lieutenant James Miller was responsible for directing, planning, and coordinating the overall activities of the unit.

Sergeant Ginny Pia and Sergeant Scott Williamson were tasked with conducting various investigations into complaints and alleged misconduct involving departmental employees.

WE EMBRACE THE VALUES OF:

PONO

Respect

We acknowledge and respect individual differences and unique cultural diversity, and promise to treat each other and everyone we serve with dignity and respect.

Integrity

We strive to maintain public trust and confidence by upholding the highest moral and ethical standards, and are honest and open in our mission.

Professionalism

We pledge to provide superior level of services, and to take responsibility for our actions and decisions.

As Kaua’i Police Department employees, we promise to strive to be leaders in public safety through teamwork and an unwavering commitment to excellence.
Administrative & Technical Bureau
Acting Assistant Chief Mark Ozaki was responsible for planning, directing, and coordinating activities within the Administrative and Technical Bureau for 2017.

The primary function of the Administrative & Technical (A&T) Bureau is to provide support services to other police units, by assisting them in meeting their own departmental objectives. Sections within A&T include: Fiscal and Personnel, Records, Training, ID Tech, Research and Development, and Community Relations.

Additional services are provided in Telecommunications, Automated Fingerprint Identification System (AFIS), Evidence, Firearms, and Fleet Maintenance.

**FISCAL AND PERSONNEL**

The fiscal section of the Administrative and Technical Bureau is staffed by Fiscal Officer Daurice Arruda, Departmental Staff Assistant Vivian Akina, Accountant I Justin Faford, Senior Account Clerk Brittany Kaui, Pre-Audit Clerk Jeaneth Panoy, and Program Support Technician II Michele Albarado. The basic function of this section is to administer the department’s fiscal program and the department’s personnel matters.

This support section assists the Administration in coordinating and developing the department’s annual operational budget and provides technical support for all matters relating to accounting, purchasing, inventory, contracts, payroll and general fiscal management activities of the department. The Personnel Assistant plays a key role in assisting with the hiring process as part of an ongoing effort to fill vacancies.

Total expenditures for the calendar year 2017 were $32,418,675.49 compared to $33,684,977.66 for the previous year. Salaries and salary related expenditures amounted to $27,699,244.63 or 85% of total expenditures for the year.

In 2017, the Department hired eleven (11) Police Services Officers, three (3) Emergency Services Dispatcher, one (1) Police Records Clerk, a Program Specialist, and a short term Police Fleet Services Coordinator.

During the year, nineteen (19) employees separated from service: one (1) retirement, fifteen (15) voluntary resignations, two (2) terminations, and one (1) inter-departmental movement.
RESEARCH AND DEVELOPMENT

The Research and Development Section consists of a Lieutenant and a Sergeant. Lieutenant Roderick B. Green was in command of the section in 2017.

The section is responsible for procuring uniforms and equipment, assisting with department inventory, initiating and formulating contracts, coordinating physical examinations and urinalysis screening, establishing safety and health programs, obtaining funding through various grants, and participating in various community related service projects. In addition, the section also conducts project research, analyzes crime trends, and coordinates the department’s written directive system.

The most critical role of the section continues to be the recruitment, hiring, and background investigations for both sworn and civilian employees. In 2017, continued efforts were made to streamline and enhance the hiring process.

In 2017, The Physical Readiness Standardized Test (PRST) for Police Services Officer candidates continued to be a success in the hiring process. Its purpose was to establish physical fitness standards since police officers’ physiological capabilities and physical readiness bear directly upon their safety and effectiveness, as well as to the safety of co-workers and other citizens.

The Research and Development section continues to explore ways to streamline and enhance the recruitment/hiring process, as we continue our goal of attracting and retaining the most qualified and best-suited applicants for the department.

CITIZEN’S POLICE ACADEMY

The Citizens Police Academy (CPA) is an interactive program designed to educate the public about KPD policies and the criminal justice system. The CPA allows the police department and interested citizens of Kaua‘i to share information and ideas in an interactive and positive setting, with the goal of building relationships, increasing community involvement, and reducing crime on our island.

Classroom and field instruction cover a variety of subjects to give participants a brief overview of what it takes to be a police officer. Topics include: firearms; crime scenes; communications; police vehicles; report writing; domestic violence; and community policing.

Misconceptions, suspicions, and fear of law enforcement arise from a lack of understanding of police responsibilities. We can avoid these issues through education and information sharing, and building a better understanding of the work of police department personnel.

CPA participants meet three to four hours once a week, on a week night or a Saturday, for thirteen weeks. Most sessions are held at Lihu‘e Headquarters. Participants also visit the Kipu Firing Range and other locations as needed, including a police vehicle ride-along.
There is no cost to join the Citizens Police Academy.

**SCHOOL RESOURCE OFFICERS**

The School Resource Officers (SRO), are assigned to investigate any offenses or incidents that occur within their assigned schools. The SROs have been instrumental in the growth, guidance, and protection of the students and staff within their schools, and have fostered positive relationships with the administration and staff of the State of Hawaii’s Department of Education’s Kaua’i Complex Area.

The SROs’ primary responsibilities are in fostering positive relationships with the island youth, developing strategies to resolve problems affecting the island youth, and in protecting all students, so they can reach their fullest potential. The SROs receive specialized training, and further served as educators (guest lecturers), informal counselors and mentors, in addition to their law enforcement duties. The SROs also volunteered as coaches during various extra-curricular youth sports activities.

The SROs also taught the Drug Abuse Resistance Education (DARE) Program to a surplus of 5\textsuperscript{th} and 7\textsuperscript{th} graders at various elementary and middle schools located throughout the island. The DARE curriculum focuses on teaching children strategies on avoiding illegal substances, as well as how to deal with bullying, the dangers of social media, and how to make the right choices and to be a confident and positive person.

The SROs also taught children about the dangers of and resistance to drugs and alcohol. The SRO unit also spearheaded the department’s Tobacco interdiction efforts through the implementation of a special grant, and also provided security at various high school graduations and related Project Grad events which were attended by a large surplus of individuals.

Sergeant Anthony Morita was in charge of the SRO Unit, and the Officers assigned to the unit were Andrew Muraoka, Bobby Thompson, and Morris Unutoa.

In July of 2017, the SROs attended a National Association of School Resource Officers (NASRO) national school safety conference held in Washington D.C., and also attended a special ceremony at the National Law Enforcement Officer’s Memorial to recognize and to honor fallen officers throughout the country. The ceremony also identified the importance and the need of having SRO’s assigned to schools to protect students and staff from the ever present presence and potential of school related violence.
The Kaua’i Police Activities League (K-PAL) continues to expand its reach to the youngsters ages 4 through 18 throughout the island.

Under the direction of Acting Assistant Chief Mark Ozaki, the K-PAL program has maintained strength in its overall number of participants year after year. In the summer of 2017, Sergeant Lance Okasaki took over the responsibilities from Sergeant Anthony Morita and was assigned as the K-PAL program coordinator, and was responsible for coordinating the majority of the programs and special events which were offered to the youth and community through K-PAL.

In 2017, the flag football and north shore basketball season was again a major success, with hundreds of youth participating in each separate sporting events. Flag Football teams of players in various age groups were formulated in every major district located throughout the island.

The wrestling, boxing and Jiu-Jitsu programs continue to grow while offering competitors an opportunity to test their skills not only on Kaua’i, but also statewide and nationally as well.
COMMUNITY RELATIONS

Sergeant Lance Okasaki also assumed the role of the Community Relations Sergeant, and was assisted by Lt. Roderick Green and the SRO Unit, who participated in many community-related service activities.

Some of these activities included conducting station tours and presentations with various groups throughout the island, covering topics such as drug awareness, personal safety awareness, school safety, and the very popular Shop with a Cop event.

The Annual Special Olympics/Troy Barboza Law Enforcement Torch Run, Cop on Top, and Kaua’i United Way drive were just some of the community fundraisers the section was involved with in 2017.

POLICE EXPLORERS

As an Explorer, young adults have the opportunity to assist the Kaua’i Police Department by assisting officers with traffic control and security at community events, participating in law enforcement training sessions and community-relations activities.

Through these activities, Explorers broaden their understanding and firsthand knowledge of the challenges and job skills that make up their community’s police service.

In addition to gaining a working knowledge of police work, the participants have the opportunity to give of themselves to their community. In 2017, Sgt. Lance Okasaki was in charge of the program, and was assisted by Sgt. Troy Sakaguchi.
RECORDS, EVIDENCE, FIREARMS, CIVIL FINGERPRINTING, AFIS SECTION, LEGAL DOCUMENTS, STATISTICS & SEX OFFENDER REGISTRY

Records Supervisor Eunice M. Apeles served as the overall supervisor for the department’s Records Section, which includes Firearms Registration, AFIS, and Evidence. This section was staffed by Joni Y. Arakaki (Police Records Analyst), Allison K. Ageno (Police Report Reviewer), Brent Amoy and Kristal V. Nebre (Evidence Custodian), Mikalynn M. Nuivo (Police Records Clerk), Clyde J. Letreta (Senior Clerk AFIS), Taytralyn K.M. Nuivo (Police Warrants Clerk), and Scott Yamaguchi (Weapons Registration Clerk).

One of the primary responsibilities of this section is maintaining records and services consistent with the Uniform Information Reporting Practices Act, Federal, State, and County laws, as well as departmental rules, regulations and policies.

Overall, the section is responsible for the following processes: Legal documents (warrants, subpoenas, summons, and TRO’s), firearms registration and permits, evidence receiving and storage, civil employment fingerprinting services, insurance requests, report duplication, police and criminal record checks, for criminal conviction and sex offender registry inquiries, expungement orders, National Crime Information Center (NCIC) records management system data entry & maintenance, maintaining individual arrest records and all police reports filed with the department.

Another important responsibility of this section is ensuring evidence items are accounted for from initial receipt to final disposition, including maintaining proper chain of custody procedures when items are sent for testing or used during trial.

Clyde J. Letreta Senior Clerk (AFIS) helps identify suspects from latent fingerprints recovered at crime scenes. First-time and repeat offenders are processed and maintained in a statewide AFIS database. Clyde is also trained to run the “Facial recognition Program” to identify suspect(s) through security videos.

RECORDS MANAGEMENT SYSTEM (RMS)

In 2017, the Kaua’i Police Department continued to utilize the Spillman Technologies, Inc. records management system which continues to achieve desired statistical, recording, and reporting results.

Spillman Technologies, Inc., is a leading provider of public safety software products, training, support, and services, with more than 1,800 agencies in 43 states nationwide.
POWERDMS PROGRAM

The Kaua’i Police Department has continued to utilize the secured PowerDMS cloud-based policy management software which is used by all KPD employees to review and acknowledge policies online at their own pace.

This process also allows for management to track the policies reviewed by each employee, most of which are required to be reviewed annually as per CALEA accreditation guidelines.

The system also acts as an online library, which allows users to search for and to review current policies and other available educational resources such as various publications on leadership, improving employee morale, and special employee safety considerations and updates.

CHAPLAINCY PROGRAM

The Kaua’i Police Chaplaincy Corps are invaluable to the Kaua’i Police Department. They are comprised of civilian religious professionals and have been instrumental in the support of department employees and their families. They assist those who are in need of counseling and comfort during difficult times.

Chaplains volunteer their time and are on an “on call status.” Their role and responsibilities include but are not limited to the following: Participate in recruit orientation; Visit employees who are sick or injured; Invocations at department functions; Participate in the “Ride Along Program”; Visit and counsel employee’s families during periods of mourning upon request.

Pictured above is the late Thomas P. Contrades. Thank you for your love, support, and dedicated service.

“Do all the good you can, by all the means you can, in all the ways you can, in all the places you can, at all the times you can, to all the people you can, as long as you ever can.” - John Wesley
COMMUNICATION SUPPORT TEAM (CST)

The Communication Support Team, comprised of volunteer officers from the Patrol Services Bureau and the Administrative and Technical Bureau, provides technical expertise at an incident site.

The Communication Support Team is responsible to provide communication support, assisting with the coordination of the operational efforts, and enhancing operational safety.

This includes the expertise and ability to sync radio communication with other law enforcement agencies, military organizations, and public assistance agencies during the unified response to large scale events such as natural disasters, crisis incidents, and etc.

This also includes setting up special equipment such as transportable repeaters and antennas in remote locations throughout the island to establish lost radio communication in key areas which is critical and essential to insure the public’s safety.

Regularly scheduled trainings are also done with the County of Kauai’s Fire Department which has a team with similar functions.

In addition, the Communication Support Team is responsible to maintain a level of operational readiness for the team’s assigned vehicles and equipment to facilitate an expeditious response to a request for assistance.
Investigative Services Bureau
Assistant Chief Bryson Ponce was the Commander of the Investigative Services Bureau during the 2017 calendar year. The bureau is comprised of experienced and seasoned veterans who have received advanced and specialized training in various disciplines.

They are tasked to investigate the whole gamut of cases, from a simple misdemeanor case to the most serious and complex felony case, both self-initiated and as follow-up on cases referred by the Patrol Services Bureau.

In addition, detectives investigate cases of a non-criminal nature, such as unattended deaths, in order to determine that no foul play was involved. The Bureau conducts outreach training or presentations. This includes, but not limited to, drug and gang awareness resistance education, theft and burglary prevention, and victimization.

The bureau is divided into three primary Sections: General Crimes Section, Special Focus Section, and Vice / Narcotics Section.

Support personnel include the bureau’s two support Clerks. The Bureau also oversees the Crisis Negotiations Team and the Special Response Team.

**GENERAL CRIMES SECTION**

The General Crimes Section is under the command of Acting Captain Kenneth Cummings. He was assisted by Acting Lieutenant Darren Rose. The section currently has an allotment of seven detectives, who primarily investigate all general/major crimes which are committed by or against both adults and juveniles.

KPD’s Crime Scene Unit is designated for three (3) personnel. In 2017, Criminalist II Stephanie Regan provided her expertise and services. A plan is in place to fill the vacant positions in early 2018. The Crime Scene Unit is responsible in assisting both the PSB and ISB in the processing and gathering of evidence at crimes scenes.

Their basic function is to support the Patrol Services and Investigative Services Bureaus by providing photography, latent fingerprint (dusting, ninhydrin, and superglue), gunshot residue swabbing, alternative light source scanning, DNA, trace particle, and evidence collection services.

The KPD has a Sex Assault Nurse Examiners (SANE) program that is headed by SANE Coordinator Jennifer Antony. Ms. Antony, along with SANE nurses Char Ono and Ranelle Kaawa assist detectives in providing a forensic examination to victims of sexual assault.
DOMESTIC VIOLENCE INTERVENTION COORDINATOR (DVIC)

Gina Kaulukukui serves as the department’s Domestic Violence Intervention Coordinator (DVIC). Her primary area of responsibility is as a special case manager for all incidents of family, child and elder abuse, as well as protective order and temporary restraining order violations.

Her duties include screening family violence cases and working closely with the victims to initiate and facilitate services and avenues of support. She works closely with community resources to collaborate and strengthen services for the victims.

Her compassionate efforts have assisted countless residents and visitors alike, and her dedication to her profession is a positive reflection of the ongoing efforts and overall support of the community as provided collectively through the Kaua’i Police Department.

She is also a longtime volunteer for the invaluable Life’s Bridges organization which is dedicated to providing emergency bereavement support to both local residents and island visitors, and whose service is offered upon request through the police department to assist families in dealing with the sudden and/or unexpected death of a loved one.

This service is available 24 hours a day/ 7 days a week, and offers follow up support to family members, schools, churches, and businesses affected by the death.

Jessica Fletcher continued to make a positive impact in her role as a police investigative operations assistant, and has served as the overall coordinator for status offenses, which includes runaway, curfew, truancy and persons in need of supervision (P.I.N.S.) cases.

“Teen Court” is another important program overseen by Jessica Fletcher. Since its inception over eight years ago, it has evolved into a viable Family Court alternative and diversion from the Juvenile Justice System for first time youth offenders.

Jessica Fletcher is also involved with the Maile-Amber Alert response unit, the Crimestoppers program, and is the coordinator of cases involving missing persons.

and ten Officers/Investigators, two (2) of which are a Canine Handlers).

The Narcotics/Vice Unit conducted complex investigations into drug/narcotic offenses on local, state and federal levels. The Narcotics/Vice sought to increase the number of drug investigations conducted leading to search warrants being executed and to affect the arrest of individuals involved in the use, sale and distribution of narcotics to include marijuana, cocaine, crystal methamphetamine and other illicit drugs.

It was the Narcotics/Vice Unit’s goal to disrupt current narcotic/vice activities and to prevent future development of organized crime in the County of Kaua’i, State of Hawaii through arrests, interdiction, eradication and public awareness, reduce illicit drugs from Kaua’i by dismantling one or more Drug Trafficking Organizations, and conduct a Drug Take Back Initiative event for the Island of Kaua’i.

In March of 2017, the Narcotics/Vice Unit conducted an investigation and search of a residence located in Koloa, in which led to the recovery of roughly $165,000 in cash, 204.7 grams of crystal methamphetamine, 323.6 grams of processed marijuana, 701.4 grams of marijuana concentrate. Crystal meth-amphetamine or “ice” and heroin continued as primary focal points for the unit. Marijuana eradication projects, also known as “Green Harvest” operations, continued to have a strong impact on the illegal cultivation of marijuana.

Utilizing helicopters and employing rappelling techniques, officers worked throughout the year with federal and state agencies in a concerted effort to curtail illegal growing efforts on Kaua’i and the other islands.

In March of 2017, the Narcotics/Vice Unit conducted an investigation and search of a residence located in Koloa, in which led to the recovery of roughly $165,000 in cash, 204.7 grams of crystal methamphetamine, 323.6 grams of processed marijuana, 701.4 grams of marijuana concentrate.

Part of the success of the Vice/Narcotics Unit is attributed to the use of a single purpose narcotics detector canine, who is specially trained to sniff out and detect odors of certain types of illicit drugs.

After many years of dedicated service, K9 Simon retired and was replaced by K9 Bika.

Pictured below is K-9 Bika with 3 pounds of Crystal Methamphetamine seized during a U.S. Postal Inspection on Kaua’i.

The Lihu‘e District is the hub and main business & commercial district on the island. It encompasses the central, heavily populated region of Kaua‘i, extending from Kapa‘a Town to the “Knudsen Gap” near Koloa. The larger population and higher concentration of businesses, government offices, transportation and special event venues typically equates to a greater caseload for Lihu‘e officers.

The district continues to serve as a training ground for newly graduated recruits, who along with their Field Training Officers will be routinely assigned to the Lihu‘e District sectors for increased case exposure.

In 2017, Officers assigned to the Lihu‘e District issued a total of 4,018 citations, made a total of 1,854 arrests, of which 41 arrests were for Operating a Vehicle Under the Influence of an Intoxicant.

In 2017, crime trends remained similar to previous years with car and home break-ins being at the top of the list. However Officers investigated more identity theft, scams and white color type of crimes. The homeless population continued to present challenges for Officers in the district. One of these challenges involved a woman utilizing a public bus stop as her home. Legislation was
introduced and approved in an attempt to combat this uncommon situation.

In 2017, officers working in the Kawaihau District collectively issued 6412 citations and arrested 33 individuals for Operating a Vehicle Under the Influence of an Intoxicant. They also made a total of 1226 arrests for criminal offenses.

**COMMUNICATIONS/DISPATCH**

The Kaua’i Police Department Communications Center, which is under the direction of Lt. Kennison Nagahisa and Sergeant Stacy Perreira, has three (3) Dispatch Shift Supervisors, 20 Full Time Emergency Services Dispatchers, 18 are County Positions and 2 are State Funded.

The Communications Section of the Kaua’i Police Department is where it all begins. Every call for service whether it be a 911 call or a non-emergency call comes through the Communications Section for service.

The Kaua’i Police Department’s Communications Center is responsible for dispatching the entire County of Kaua’i, Police, Fire and Medics as well as other County Agencies after Hours.

Dispatchers go through 5 weeks of Classroom Training which includes 3 days of EMD (Emergency Medical Dispatch Training) upon completion the Dispatcher becomes certified in CPR. They also receive 8 weeks of on-the-job training with a DTO (Dispatch Training Officer).
The Communications Center is responsible for warrants and wanted persons checks via NCIC and is certified every two years.

Dispatchers hold a great deal of responsibility. They are the life link for every agency and person who they dispatch.

In addition to all their duties, the dispatchers are also Emergency Medical Dispatch (EMD) certified. That means that they have the ability to give lifesaving instructions to the callers on the phone.

Many lives have been saved because of the skill and abilities of the dispatchers. They are the First Responders. The Communications Center answers all 911 lines in the County of Kaua‘i.

They deal with many different types of calls – some serious emergencies, others informational only. There is nothing that will throw a dispatcher into top gear faster than a screaming mom on the other end of the line saying her baby is not breathing, or a distraught wife who has found her husband unconscious. Every call that comes into the center is answered in a professional and skilled manner.

Every April of each year during National Public Safety Telecommunications Week, the Dispatchers are recognized for the unending work that they perform on a daily and continual basis for the public.

DETENTION CENTER (Holding Facility/Cell Block)

Supervisory responsibilities for the Kaua‘i Police Detention Center rested on the shoulders of Sergeant Troy Sakaguchi. There are ten allotted positions assigned to cell block.
The three full-time Public Safety Workers (PSW); Collette Saiki, Ernest Ganiron, and Ronald “Chris” Aceret were assigned to the unit. Patrol Officers are also assigned to man the facility, along with a PSW or fellow Patrol Officer.

There are usually only two KPD employees (either PSWs or Patrol Officers or a combination of both) assigned to work during one regularly assigned shift, and there are three (3) separate shifts per day, as the facility operates and provides continuous supervision and security for individuals being held within Police custody for 24 hours per day.

The facility is comprised of a fenced in carport with electronic gates, an intercom/communication system, video surveillance cameras and monitors, showers, restrooms, a central booking and processing room, visitation room, two holding cells (1 Adult and 1 Juvenile/Female), six Detention cells and a main control center.

FUGITIVE APPREHENSION SUPPRESSION TEAM (FAST)

The members of the Kaua‘i Police Department’s Fugitive Apprehension Strike Team (F.A.S.T) are committed to enhancing the quality of life in our community through the swift apprehension of Kauai’s Most Wanted individuals.

Through the coordinated planning and deployment efforts of the F.A.S.T. members, many dangerous or high profile individuals who were wanted for outstanding warrants of arrest, were safely located, apprehended, and held accountable for their actions, which was done in an effort to insure the safety of our community.

BODY WORN CAMERA

Ever since the use of Body Worn Cameras (BWC) were implemented, wrongful misconduct complaints against KPD officers has significantly decreased. Other important benefits involving the use of BWCs are:

Increasing officer and citizen safety through reduction in the use of force, Enhance agency transparency, Promote community trust, Strengthen officer performance and accountability, Provide better training, and etc.
