News Release

For Immediate Release: June 26, 2019

Immediate water conservation request issued for Kalaheo customers

KALĀHEO – The Department of Water (DOW) has issued an immediate water conservation request for the Kalāheo area until further notice due to an electrical power outage that is affecting the Kalāheo well site and pump station. Residents and businesses are asked to limit water use to essential needs only; such as drinking, cooking and sanitation purposes, in order to avoid a full water outage.

Water conservation measures include refraining from car washing, turning off automatic irrigation systems, ice machines and using water wisely indoors and outdoors.

An update will be provided as soon as new information becomes available. To monitor updates online, visit www.facebook.com/KauaiDOW.

To sign-up to receive notifications by phone, text messages and/or emails regarding DOW service announcements; including emergency weather updates from the Kaua'i Emergency Management Agency (KEMA), visit www.kauai.gov/KEMA or call KEMA at 241-1800.

For more information, please call the Department of Water at 245-5455.
