Water conservation request issued for Kilauea customers

KILAUEA – The Department of Water (DOW) has issued an immediate water conservation request for customers in Kilauea until further notice, due to an electrical power outage affecting the Kilauea water pump station and well site. Customers are asked to limit water use to essential needs only; such as drinking, cooking and sanitation purposes in order to avoid a full water service outage in the system.

Kauai Island Utility Cooperative (KIUC) is currently trouble shooting the power outage in the area.

An update will be provided when new information becomes available. To monitor updates online, visit www.facebook.com/KauaiDOW.
