County to notify public as construction for Weke Road commences, progresses

The Department of Public Works will be notifying the public of future dates of construction for a portion of Weke Road that was damaged by the April flood.

On Monday, Jan. 7, the County of Kaua'i will give the project's contractor Earthworks Pacific, Inc., permission to begin preparing for construction for a large portion of Weke Road.

In an effort to maximize public safety, a "Road Closed" sign will be posted just beyond the Weke Road and Pilikoa Street intersection. Access beyond this point is limited to the residents along the affected section of Weke Road and authorized construction personnel. Pedestrians are encouraged to use the lateral access along the beach to reach the Hanalei Pier area.

Motorists should drive with caution, expect delays, and adjust their travel times as needed.

For more information, you may call Earthworks Pacific, Inc. at 808-256-4591.
