Roadwork in Līhu'e scheduled from June 8 to June 24

LĪHU'E – The Department of Public Works is announcing that DMK and Associates will be conducting roadwork in Līhu'e on weekdays, June 8 to June 24, from 7:30 a.m. to 4:30 p.m. weather permitting.

The scope of the work includes asphalt crack filling, seal coating, and striping the roadways.

On June 8 through June 12, there will be no road closures during the asphalt crack cleaning and filling phase of work. There may be short delays in entering and exiting from your road. No parking will be allowed on the road or road shoulders.

On June 15 through June 19, there will be road closures during the seal coating phase of work. No parking will be allowed on the road or road shoulders. No vehicle access on the roadway or grassy shoulders. No vehicle entering or exiting until the seal coat is dry and the road reopened. No walking on wet seal coat. The work zone will be coned off to prevent anyone from driving or stepping on wet materials.

On June 22 through June 24, there will be no road closures during the striping phase of work.

For all phases of work, exercise caution when driving to ensure the safety of everyone. Please see the map below for specific locations and dates of the road closures. Be on the lookout for "No Parking" and or "Road Closed" barricades and signs. This will be an indication

THE COUNTY OF KAUA'I

that work is in the area. Vehicle parking will not be allowed in the work zone after 7:30 a.m.

Please make arrangements to accommodate the necessary road work. Any vehicle left on the street or grassy road shoulders within the work zones after 7:30 a.m. will be towed at the owner's expense. Work may be extended pending weather conditions.

For questions regarding this project, please call DMK and Associates at 246-2003 or visit www.dmkhawaii.com.
