Lane closures scheduled for portion of Kaumuali'i Highway, Kona Road on Aug. 20

HANAPĒPĒ – The Department of Public Works is announcing that the eastbound lane of Kaumuali'i Highway near the intersection of Kona Road will be closed from Aug. 20 at 8:30 p.m. to Aug. 21 at 6 a.m. to allow Good Fellow Bros., LLC to install a waterline for the Hanapēpē-'Ele'ele water systems, weather permitting.

Alternating traffic will be maintained using the westbound lane of Kaumuali'i Highway. Flaggers will be positioned to assist motorists during these closures.

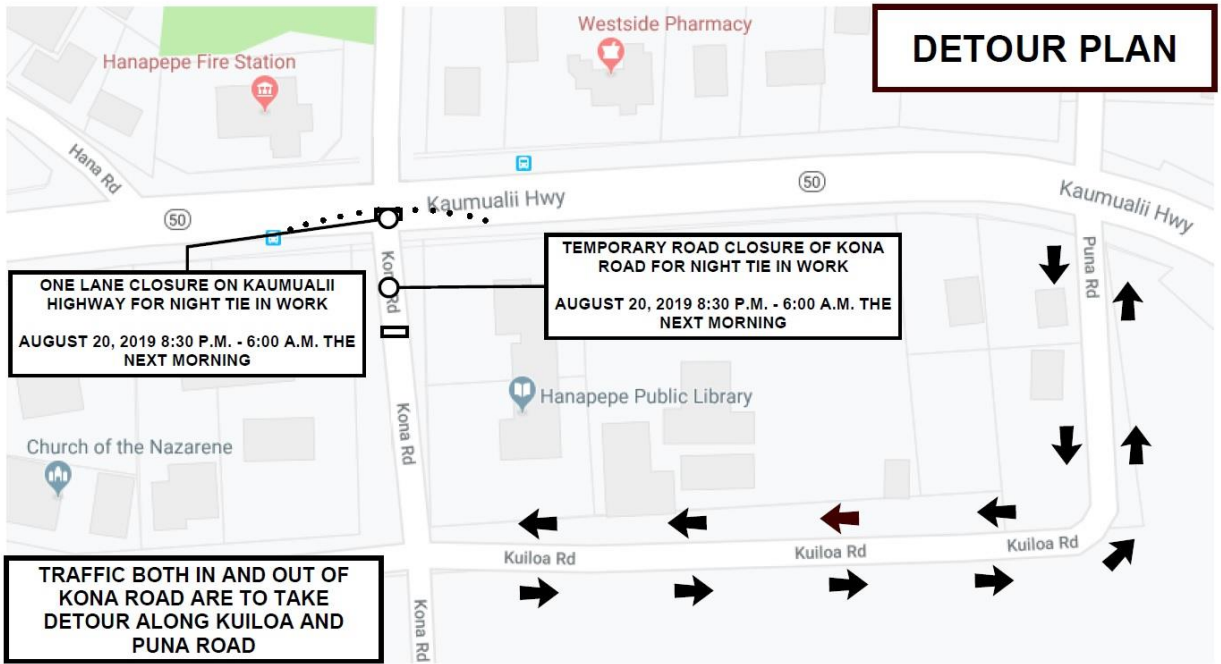

Additionally, the makai section of Kona Road will also be closed. Local traffic may use Kuiloa Road or Puna Road as alternate routes.

The installation work is part of the Department of Water's Hanapēpē-'Ele'ele water systems improvements.

Please make the appropriate arrangements to accommodate the necessary road closures, use alternate routes, and allow for extra time to get to destinations.

For more information, please contact Goodfellow Bros. LLC, Project Manager, Ryan Mountcastle at 808-658-1151 or ryanm@goodfellowbros.com.
