### **Planning Projects**

The long range projects that recently been adopted and being implemented by the Planning Department are as follows:

#### 1) Līhu'e Community Plan Update

The purpose of the plan update is to guide the development of the Līhu'e district to ensure that future growth is consistent with the General plan and integrates recommendations for policy and design detailed in the Līhu'e Town Core Design Plan, Līhu'e-Hanamā'ulu Urban Design Plan, Līhu'e Civic Center Master Plan, the Sustainable Design Assessment Team (SDAT) Report, as well as other applicable public facilities and transportation plans for the area. SSFM International has been retained to work with the Planning Department to conduct the plan update process.

The plan update process commenced in December of 2012. A sixteen-member Community Working Group (CWG) was selected by the Mayor to

provide guidance on the plan update process and development of the draft plan. Fourteen CWG meetings were held between July 2013 and August 2014. In addition to working group meetings, four community-wide meetings took place as well as a field trip/walking audit to Hanamā‘ulu, Nāwiliwili, and Puhi/Kaua‘i Community College.

A public draft of the plan can be found at <http://lihuecp.com/>. The draft plan includes population forecasts, land use maps and policy recommendations for the Līhu‘e district to the year 2035. A community open house and agency briefing are both scheduled for September 3, 2014. Comments to the draft are due on or by September 12, 2014. Planning Commission and Council workshops are to be held on September 30, 2014. Planning Commission hearing on the final draft was held on October 28, 2014 and approved the Plan on November 12, 2014. The Lihue Community Plan Update was adopted by the County by the signature of the Mayor on June 22, 2014.

## 2) South Kaua‘i Community Plan Update

The purpose of the project is to implement the Kaua‘i General Plan’s goals and vision for the South Kaua‘i (Kōloa-Po‘ipū-Kalāheo) planning district. The project will provide guidance for future population growth and economic development in the district, while ensuring growth occurs in a manner that is compatible with the protection and enhancement of community assets and is coordinated with the development of public infrastructure and facilities.

The draft South Kaua‘i Community Plan is complete and is being prepared for public review. To implement the plan, the South Kaua‘i Form Based Code was developed with the CAC. This will serve as a zoning overlay that will apply building form, thoroughfare and civic space standards to Kōloa and Kalāheo town core areas.

The South Shore Community Plan was approved by the Planning Commission on November 12, 2014. The South Kauai Community Plan was adopted by the County by signature of the Mayor on July 10, 2015. The South Kauai Community Plan won two American Planning Association Hawaii Chapter awards in 2015 for Outstanding Planning and Best Practice.

## 3) Important Agricultural Lands (IAL) Study

The purpose of this project was to identify “important agricultural lands” pursuant to Act 183 of the Hawai‘i State Legislature as well as to examine the diversity of agricultural use/activities in the County through discussion with various stakeholders, partner agencies, and members of the public.

The University of Hawai‘i’s Department of Urban and Regional Planning (DURP) was retained to conduct this project. The project and contract commenced in June 2009. The contract with DURP ended in July 2013. Subsequent to the contract end, the Planning Department detailed recommendations for phasing IAL designations and for developing a County-level program for incentivizing the growing of food and primary resources. The final study can be found at: <http://sites.google.com/site/Kauaiial/>. The Planning Department anticipates a workshop with the County Council to evaluate the findings of the study and obtain direction on developing County-level designation maps to submit to the State Land Use Commission.

VI. HOLOHOLO 2020 PROJECTS:

The Mayor has charged the Department as the primary agency for three (3) *Holo Holo 2020* projects:

1. Implementing the Līhu‘e Town Core Plan
2. Expanding the Līhu‘e Civic Center Park/Lawn
3. Implement Complete Streets island-wide

The Department continues to work over the past year identifying specific projects for implementation furthering the Mayor’s vision to grow Kaua‘i responsibly.

1. Implementing the Līhu‘e Town Core Plan

The Department continues to work with property owners/applicants on permits within the Town Core area. The Department also regularly meets with the Līhu'e Tomorrow Committee of the Līhu'e Business Association and provides them with updates on planning initiatives in the core area.

2. Expanding the Līhu‘e Civic Center Park/Lawn

The Department is working closely with the Department of Public Works on a pilot project to temporarily close Eiwa St, as called for in the Civic Center Master Plan. This would make the Līhu'e Civic Center a safer environment for pedestrians. The purpose of the potential

temporary closure would be to study the actual traffic impact a closure would cause.

### 3. Implement Complete Streets island-wide

Department Staff helped create a Kaua'i Complete Streets Action Plan at a County-wide workshop on Complete Streets implementation in October 2011. Since then, the Department has developed a draft amendment to the Subdivision Ordinance to make future residential subdivisions more walkable, and also added a Complete Streets evaluation to the Six-Year Capital Improvements Program. Staff continues to be actively involved in the Built Environment Task Force of Get Fit Kaua'i. The Department is working closely with the Department of Public Works to update the County's standard details for roadways.
