B. PROGRAM HIGHLIGHTS

The Kaua‘i General Plan:

In November 2014, the Planning Department issued SSFM International the Notice to Proceed for the General Plan Update to update the 2000 General Plan. Since then, the project team has completed Phases I – VI of the project, which included pre-planning, research, data collection, a public education campaign, and the development of a vision, goals and policy. The project team completed the public draft during the Fall 2016, and submitted the draft plan to the Planning Commission for review.

The priority project for the Long Range Division has been the completion of the General Plan Update. In September 2017, the public hearing for the General Plan was held. From September 2017 to January 2018, the General Plan was reviewed at the Planning Committee through several special workshops. The General Plan update was adopted by the County Council on February 7, 2018. The Department is currently integrating the approved amendments into a final draft. General Plan implementation through code change is expected to begin shortly.

Adoption of Ordinance No. 1013 Relating to the Establishment of University Zoning District on Kauai:

In March 2017, the Planning Department initiated a bill for an Ordinance to amend Chapter 8 of the Kaua‘i County Code, 1987, to establish a “University Zoning District” on Kaua‘i. The Planning Department recognized that the Comprehensive Zoning Ordinance (CZO) did not provide an applicable designation appropriate for the zoning of parcels containing university and college campuses. The proposed bill indicated that University and college campuses should be treated distinctly from other zoning districts. Universities and colleges are valuable educational and research resources of the County of Kaua‘i, and the present zoning districts limit their ability to grow and provide a complete and conducive campus environment and unique sense of community on campus.

The current Kaua‘i Community College (KCC) located in Puhi, is the only university campus on Kaua‘i, and is presently “split-zoned” as Open District (O) and Agriculture District (A) with the State Land Use Designation as “Agricultural”. The purpose of the bill is to allow for the establishment of a new “University Zoning District” that will provide greater flexibility in

establishing a mixture of uses that are intended to enhance the campus environment of a university or college and accommodate its academic and spatial needs. The bill for an Ordinance for University Zoning was reviewed and approved by the Planning Commission on April 11, 2017. The Bill was referred to the County Council on May 10, 2017 for its review. Ordinance No. 1013 was signed into law on July 24, 2017.

West Kaua'i Community Plan

Phase I of the West Kaua'i Community Plan has begun. The purpose of the project is to update Kaua'i County Code Section 10-3, "Hanapēpē-Eleele Development Plan," and 10-4, "Waimea-Kekaha Regional Development Plan," to implement the General Plan and ensure development is compatible with the environmental, social, economic, and cultural needs of the West Kaua'i region. The Project Team includes Planning Department administration (Director and Deputy Director), the Long Range Planning Program, and various sub-consultants. The project kickoff is planned for early Summer 2018.

Transportation Investment Generating Economic Recovery (TIGER) Grant:

Kaua'i was officially the first Hawaii County to implement Complete Streets. All of this momentum and capacity toward integrating our transportation and land use development helped win Kaua'i a huge boost in infrastructure investment. The U.S. Department of Transportation awarded Kaua'i a \$13.8 million TIGER grant that will enable the community to fully reconfigure Rice Street and expand transit service, to generate a built environment conducive to greater economic development for small businesses along and near the street. The funds will help implement many of the street-level redevelopment initiatives adopted as part of the Lihue Town Core Plan in 2009. The Department's transportation planner and the rest of the long-range team played a lead and critical role in helping secure the federal funds and assist with the implementation of the Tiger Grant.

Ongoing Initiatives:

In addition to the projects described above, the department, through the Long Range Division, is working to build the department's capacity to improve research and reporting on a daily basis, to adopt schedules for the update of plans and ordinances, the use of Geographic Information Systems (GIS), the creation of planning and permitting databases, and new planning tools and techniques. The Planning Department continues to participate in other planning related programs such as:

- Get Fit Kaua'i Built Environment Task Force

- Safe Routes to School Task Force
- Kaua‘i GIS User Group

The CLG program provides funds and standards for historic preservation from the Department of Interior via the State Dept. of Land & Nat. Resources to local governments. Both the funds and standards are used to assist local governments in promoting historic preservation endeavors. To qualify as a CLG, local government preservation activities must include public participation and use of a qualified local review commission (Kaua‘i Historic Preservation Review Commission), survey and inventory of historic resources and participation in State/Federal preservation activities. Kaua‘i County alternates with Maui County in receiving the Hawaii CLG grant funds.

The Kaua‘i Historic Preservation Review Commission, which consists of nine members, meets on a monthly basis and is staffed by the Planning Department. Meetings usually entail project reviews at which time the KHPRC provides recommendations on various aspects of archaeological and building design review of historic resources and in-fill development. C. PUBLIC ACCESS, OPEN SPACE, AND NATURAL RESOURCES PRESERVATION FUND COMMISSION

Program Description

In November 2002, Kaua‘i voters approved a ballot measure amending the County Charter to create the Public Access, Open Space, and Natural Resources Preservation Fund, which received a minimum of one half of one percent (0.5%) of Kaua‘i’s certified real property taxes. VI. HOLOHOLO 2020 PROJECTS:

The Mayor has charged the Department as the primary agency for three (3) *Holo Holo 2020* projects:

1. Implementing the Līhu‘e Town Core Plan
2. Expanding the Līhu‘e Civic Center Park/Lawn
3. Implement Complete Streets island-wide

The Department continues to work over the past year identifying specific projects for implementation furthering the Mayor’s vision to grow Kaua‘i responsibly.

1. Implementing the Līhu‘e Town Core Plan

The Department continues to work with property owners/applicants on permits within the Town Core area. The Department also regularly meets with the Līhu'e Tomorrow Committee of the Līhu'e Business Association and provides them with updates on planning initiatives in the core area.

2. Expanding the Līhu‘e Civic Center Park/Lawn

The Department is working closely with the Department of Public Works on a pilot project to temporarily close Eiwa St, as called for in the Civic Center Master Plan. This would make the Līhu'e Civic Center a safer environment for pedestrians. The purpose of the potential temporary closure would be to study the actual traffic impact a closure would cause.

3. Implement Complete Streets island-wide

Department Staff helped create a Kaua'i Complete Streets Action Plan at a County-wide workshop on Complete Streets implementation in October 2011. Since then, the Department has developed a draft amendment to the Subdivision Ordinance to make future residential subdivisions more walkable, and also added a Complete Streets evaluation to the Six-Year Capital Improvements Program. Staff continues to be actively involved in the Built Environment Task Force of Get Fit Kaua'i. The Department is working closely with the Department of Public Works to update the County's standard details for roadways.
