**NOTICE TO COMMERCIAL CUSTOMERS AT KEKAHA LANDFILL
OPERATIONAL CHANGES EFFECTIVE 10/1/20**

In an effort to offset revenue losses associated with the pandemic, the Department of Public Works, Solid Waste Division will be implementing the following operational changes at the Kekaha Landfill effective October 1, 2020:

1. The last commercial load will be accepted at 3:00 p.m. daily. Any loads that come in after that time will be rejected. This operational change will assure that landfill staff can safely and efficiently conduct daily closing procedures without incurring overtime.
2. The landfill will be closed on all County holidays. Previously, the landfill had been open limited hours on holidays which fell on Mondays through Thursdays. However, the amount of waste accepted on the holidays did not justify the overtime expended.

Please contact Acting Solid Waste Chief Allison Fraley at 241-4837 if you have any questions or comments on these changes.

Sincerely,

Troy K. Tanigawa, P.E.
Acting County Engineer
