

Public Message Concerning Questions About the Formation of the
Mayor's Advisory Committee on Landfill Site Selection,
County of Kaua'i

February 14, 2008

The Mayor convened this Advisory Committee to advise and provide recommendations to the Administration concerning the siting of a future municipal sanitary landfill for the County of Kaua'i. The work of the Advisory Committee will end with the completion of its report to the Mayor.

The formation of this Committee does not change or alter the existing regulatory, environmental, or public processes involved in the review of a new municipal landfill, nor will it change the involvement of the County Council in making its final siting decision.

All meetings of the Committee will be governed by the State Sunshine Law and will be open for the public to attend and to listen as the Committee conducts its deliberations.
