MATERIALS PROHIBITED FROM THE KEKAHA LANDFILL

Section 21-7.3 of the Kauai County Code Prohibits the following material from the County landfill:

- (a) The following materials shall not be accepted or disposed of at a County landfill:
- (1) Corrugated cardboard from business, industrial, governmental, institutional, and other nonresidential sources that exceeds ten percent (10%) of the load, by volume;
 - (2) Ferrous and non-ferrous metal objects from business, industrial, governmental, institutional, and other nonresidential sources that exceeds ten percent (10%) of the load, by volume;
 - (3) Greenwaste from business, industrial, governmental, institutional, and other nonresidential sources that exceeds ten percent (10%) of the load, by volume;
 - (4) Liquid waste, except small quantities of liquids from residential sources in containers of types and sizes typically used in residential environments;
 - (5) Medical waste which has not been rendered non-infectious through sterilization;
 - (6) Motor vehicles and automotive type batteries;
 - (7) Toxic and hazardous wastes;
 - (8) Used motor vehicle and heavy equipment tires whether whole, cut, sliced, chipped, or shredded, except for automobile and passenger truck tires from residential self-haulers, for recycling;
 - (9) White goods, except for white goods from residential self-haulers, for recycling;
 - (10) Frozen, raw or uncooked loads of crustaceans, including but not limited to shrimp and prawns from business, industrial, governmental, institutional, and other nonresidential sources; and
 - (11) Monitors and Televisions (cathode ray tubes and liquid crystal displays) from businesses, industrial, governmental, institutional and other nonresidential haulers.
- (b) Notwithstanding any provision to the contrary, the County Engineer may approve the use of County-owned tires whether chipped, chopped or shredded for daily landfill cover, provided the State Department of Health permits said use.
- (c) The limits provided in Subsections (a) through (d) of this Section shall not apply to County refuse collection and transfer vehicles that collect or receive solid waste from residential sources.
- (d) Loads of contaminated cardboard may be authorized by the County Engineer to be deposited in the landfill at a rate that is triple the applicable landfill tipping fee. Please contact the County in advance at 241-4837 or 241-4841 to request approval to deposit contaminated loads.
- (e) The Division of Solid Waste Management may conduct an examination of any load of refuse or other solid waste delivered or transported to the landfill:

Businesses that have not yet developed recycling programs for their operations are encouraged to contact the County Recycling Office at 241-4841 or check the county website at: www.kauai.gov/recycling.
See the back of this form for information on diverting prohibited materials.
