

SINGLE AUDIT REPORTS
County of Kauaʻi, Hawaiʻi

**For the Fiscal Year Ended
June 30, 2021**

March 10, 2022

To the Chair and Members of
the County Council of Kaua'i, Hawai'i
Līhu'e, Kaua'i, Hawai'i

We have completed our financial audit of the basic financial statements and other supplementary information of the County of Kaua'i (the County), as of and for the fiscal year ended June 30, 2021. Our report containing our opinions on those basic financial statements is included in the County's *Annual Comprehensive Financial Report*. We submit herein our reports on the County's internal control over financial reporting and on compliance and other matters, the County's compliance for each major federal program, internal control over compliance and on the schedule of expenditures of federal awards.

OBJECTIVES OF THE AUDIT

The primary purpose of our audit was to form opinions on the fairness of the presentation of the County's basic financial statements as of and for the fiscal year ended June 30, 2021, and to comply with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance). More specifically, the objectives of the audit were as follows:

1. To provide a basis for opinions on the fairness of the presentation of the County's financial statements.
2. To report on internal control over financial reporting and compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements in accordance with *Government Auditing Standards*.
3. To report on internal control over compliance related to each major federal programs and an opinion on compliance requirements that could have a direct and material effect on each major federal program in accordance with the Uniform Guidance.

SCOPE OF THE AUDIT

Our audit was performed in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of the Uniform Guidance. The scope of our audit included an examination of the transactions and accounting records of the County for the fiscal year ended June 30, 2021.

ORGANIZATION OF THE REPORT

This report is presented in five parts as follows:

- Part I - Our report on internal control over financial reporting and on compliance and other matters.
- Part II - Our report on compliance for each major federal program and on internal control over compliance; and report on the schedule of expenditures of federal awards required by the Uniform Guidance.
- Part III - The schedule of findings and questioned costs.
- Part IV - The corrective action plan.
- Part V - The summary schedule of prior audit findings.

We wish to express our sincere appreciation for the excellent cooperation and assistance extended by the staff of the County.

Sincerely,

N&K CPAs, Inc.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Chair and Members of
the County Council of Kaua'i, Hawai'i
Līhue, Kaua'i, Hawai'i

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Kaua'i, Hawai'i (the County) as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated January 28, 2022. Our report includes a reference to other auditors who audited the financial statements of the Department of Water, which is the County's discretely presented component unit, as described in our report on the County's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2021-001 through 2021-003 that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The County's Response to the Finding

The County's response to the findings identified in our audit is described in Part IV, Corrective Action Plan. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT
ON INTERNAL CONTROL OVER COMPLIANCE;
AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE**

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE;
AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL
AWARDS REQUIRED BY THE UNIFORM GUIDANCE**

To the Chair and Members of
the County and Council of Kaua'i, Hawai'i
Līhue, Kaua'i, Hawai'i

Report on Compliance for Each Major Federal Program

We have audited the County of Kaua'i's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the fiscal year ended June 30, 2021. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the fiscal year ended June 30, 2021.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, the discretely presented component unit, and the aggregate remaining fund information of the County, as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated January 28, 2022, which contained unmodified opinions on those financial statements. Our report includes a reference to other auditors who audited the financial statements of the Department of Water, which is the County's discretely presented component unit, as described in our report on the County's financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

County of Kauaʻi, Hawaiʻi
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
Fiscal Year Ended June 30, 2021

NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activities of the County under programs of the federal government for the fiscal year ended June 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in financial position, or cash flows of the County.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

NOTE C - INDIRECT COST RATE

The County has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

SECTION II - FINANCIAL STATEMENT FINDINGS

Ref.
No. **Internal Control Findings**

2021-001 CIP Prior Period Adjustment - Material Weakness

Criteria: Governmental Accounting Standards Board Statement 34 - Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments requires that expenditures incurred during the construction of capital assets to be reported as construction in progress on the Statement of Net Position.

Condition: During our audit, we noted that the County recorded a prior period adjustment of construction in progress expenditures totaling \$1,003,387. The amount was expensed rather than recorded as part of capital assets on the Statement of Net Position. This adjustment resulted in an increase of beginning net position of \$1,003,387 for total primary business type activities reported in the Annual Comprehensive Financial Report (ACFR) of the County as of July 1, 2020.

Cause: The County's controls over identifying and coding construction in progress expenditures to report under capital assets were not effective.

Effect: The County's beginning net position reported in the ACFR as of July 1, 2020 was understated by \$1,003,387.

Identification as a Repeat Finding, if applicable:

Not applicable.

Recommendation

Management should ensure that a process is established in which fiscal personnel review expenditures incurred to determine if they are related to construction in progress to mark and record as capital assets.

Views of Responsible Officials and Planned Corrective Action

The County agrees with the finding and the recommendation. See Part IV Corrective Action Plan.

2021-002 SRF Loans Prior Period Adjustment - Material Weakness

Criteria: Governmental Accounting Standards Board Statement 34 - Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments states that transfers should be reported under other financing sources and uses. Transfers include interfund advances to another fund for which repayment is not expected within a reasonable time.

Condition: During our audit we noted that the County recorded a prior period adjustment of \$14,228,141 on the Solid Waste Disposal Fund and General Capital Improvement Fund for state revolving fund loans that were not received of June 30, 2020. The County had advanced monies for three projects that were recorded as grant revenue rather than a transfer. This adjustment resulted in a decrease of beginning net position of \$14,228,141 for total primary governmental type activities reported in the Annual Comprehensive Financial Report (ACFR) of the County as of July 1, 2020.

Cause: County personnel did not have an effective process to identify, communicate, and record all advances made for projects that will be financed by state revolving fund loans.

Effect: The County's beginning net position reported in the ACFR as of July 1, 2020 was overstated by \$14,228,141.

Identification as a Repeat Finding, if applicable:

Not applicable.

Recommendation

Management should ensure that an effective process is established in which County personnel communicate to identify and record all advances on County projects that will be financed by state revolving fund loans.

Views of Responsible Officials and Planned Corrective Action

The County agrees with the finding and the recommendation. See Part IV Corrective Action Plan.

SECTION II - FINANCIAL STATEMENT FINDINGS (Continued)

Ref.

2021-003 Conduit Debt Receivable Prior Period Adjustment - Material Weakness

Criteria: The County's policies require that its government fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues should be recognized as soon as they are measureable and available. Measureable means the amounts are determinable. Available means that the amounts are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

Condition: During our audit, we noted that the County recorded a prior period adjustment for receivables totaling \$179,534. The County is due amounts related to the County of Kauai Community Facilities District Bonds. A portion of special assessment revenues are deposited in discretionary accounts for the County's projects and conduit bond administrative costs. This adjustment resulted in an increase of beginning net position of \$179,534 for total primary governmental activities reported in the Annual Comprehensive Financial Report (ACFR) of the County as of July 1, 2020.

Cause: At the issuance of the initial Community Facilities District Bonds, some of the discretionary accounts had zero balances and were not identified for inclusion as measurable revenue. The County was unaware of these additional accounts that should have been included.

Effect: The County's beginning net position reported in the ACFR as of July 1, 2020 was understated by \$179,534.

Identification as a Repeat Finding, if applicable:

Not applicable.

Recommendation

Management should ensure that a process is established to identify all County discretionary accounts related to conduit bonds at each issuance.

Views of Responsible Officials and Planned Corrective Action

The County agrees with the finding and the recommendation. See Part IV Corrective Action Plan.

2021-001 CIP Prior Period Adjustment - Material Weakness

**Auditor's
Recommendation:** Management should ensure that a process is established in which fiscal personnel review expenditures incurred to determine if they are related to construction in progress to mark and records as capital assets.

**Corrective
Action:** Management agrees with the auditor's recommendation. Fiscal personnel will review project costs quarterly to ensure that construction in progress expenditures are coded and recorded as capital asset to adhere to GASB Statement 34. Furthermore, fiscal personnel will work closely with project managers/coordinators to effectively determine if future Housing projects are required to be capitalized.

End Date: Continuous monitoring.

Auditor's

Recommendation: Management should ensure that an effective process is established in which County personnel communicate to identify and record all advances on County projects that will be financed by state revolving loans.

Corrective
Action:

Finance and Public Works will communicate periodically on the status of projects and drawdowns received:

The Department of Public Works (DPW) Solid Waste project managers will continue to follow up with the status of projects and outstanding drawdown requests with the Department of Health (DOH) Clean Water branch quarterly to assist with properly recording advances.

Annually in July, a confirmation request will be sent to DOH to acknowledge invoices received that remain unpaid at June 30th. Amounts reported by DOH will be compared against project revenue and expense reports. Large variances will be forwarded to DPW for their follow-up.

End Date:

Continuous monitoring.

Auditor's
Recommendation: Management should ensure that a process is established to identify all County discretionary accounts related to conduit bonds at each issuance.

Corrective
Action: Management agrees with the recommendation provided by the Auditors to identify all discretionary accounts at each Community Facilities District Bonds issuance. Now that we have a better understanding of what accounts should be recorded as revenue, Treasury will review the project reports on a quarterly basis to determine what amounts can be drawn from the revenue accounts and requisition those monies accordingly to ensure timely recovery of expenditures. Upon year-end, Treasury will true-up the revenue/receivable amounts with an adjusted journal entry using the June 30 statement balances.

End Date: Continuous monitoring.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

County of Kauaʻi, Hawaiʻi
STATUS REPORT
Fiscal Year Ended June 30, 2021

This section contains the current status of our prior audit recommendations. The recommendations are referenced to the pages of the previous audit report for the fiscal year ended June 30, 2020, dated January 20, 2021.

SECTION II - FINANCIAL STATEMENT FINDINGS

Recommendations		Status
2020-001	OPEB Prior Period Adjustment - Material Weakness (Page 22) Management should ensure that a process is established in which management-level fiscal personnel review transactions for the determination of the proper accounting treatment for changes to the OPEB liability as of the measurement date.	Accomplished.
2020-002	Landfill Prior Period Adjustment - Material Weakness (Page 23) Management should perform an annual review of available information for its landfill operations to ensure that adjustments to its accrued estimated closure and postclosure care costs are reported in the period when the change occurs.	Accomplished.
2020-003	Timely Reconciliation of State Grant Programs - Material Weakness (Page 24) The County should implement a uniform process across all departments to complete monthly or quarterly reconciliations and monitoring of State grants.	Accomplished.
