

SINGLE AUDIT REPORTS

County of Kauaʻi, Hawaiʻi

**For the Fiscal Year Ended
June 30, 2012**

December 12, 2012

To the Chair and Members of
the County Council of Kaua'i, Hawai'i
Lihue, Kaua'i, Hawai'i

We have completed our financial audit of the basic financial statements of the County of Kaua'i (the County), as of and for the fiscal year ended June 30, 2012. Our report containing our opinion on those basic financial statements is included in the County's *Comprehensive Annual Financial Report*. We submit herein our reports on the County's internal control over financial reporting and compliance, the County's compliance with requirements that could have a direct and material effect on each of its major federal programs, and our report on the schedule of expenditures of federal awards.

OBJECTIVES OF THE AUDIT

The primary purpose of our audit was to form an opinion on the fairness of the presentation of the County's basic financial statements as of and for the fiscal year ended June 30, 2012, and to comply with the requirements of the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, which establishes audit requirements for state and local governments that receive federal financial assistance. More specifically, the objectives of the audit were as follows:

1. To provide a basis for an opinion on the fairness of the presentation of the County's financial statements.
2. To determine whether expenditures and other disbursements have been made and all revenues and other receipts to which the County is entitled have been collected and accounted for in accordance with the laws, rules and regulations, administrative directives, policies and procedures of the County, the State of Hawai'i and the federal government (where applicable).
3. To determine whether the County has established sufficient internal controls to properly manage federal financial assistance programs and to comply with the applicable laws, regulations, contracts, and grants.
4. To determine whether the County has complied with the laws, regulations, contracts, and grants that may have a direct and material effect on the financial statements and on each major federal financial assistance program.

SCOPE OF THE AUDIT

Our audit was performed in accordance with auditing standards generally accepted in the United States of America as prescribed by the American Institute of Certified Public Accountants; *Government Auditing Standards*, issued by the Comptroller General of the United States; and the provisions of OMB Circular A-133. The scope of our audit included an examination of the transactions and accounting records of the County for the fiscal year ended June 30, 2012.

ORGANIZATION OF THE REPORT

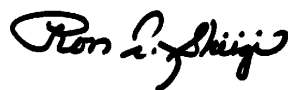

This report is presented in five parts as follows:

- Part I - Our report on internal control over financial reporting and on compliance and other matters.
- Part II - Our report on compliance with requirements that could have a direct and material effect on each major program and on internal control over compliance.
- Part III - The schedule of findings and questioned costs.
- Part IV - The summary schedule of prior audit findings.
- Part V - The corrective action plan.

We wish to express our sincere appreciation for the excellent cooperation and assistance extended by the staff of the County.

Sincerely,

N&K, CPAs, INC.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Chair and Members of
the County Council of Kaua'i, Hawai'i
Lihue, Kaua'i, Hawai'i

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Kaua'i, Hawai'i (the County), as of and for the fiscal year ended June 30, 2012, which collectively comprise the County's basic financial statements and have issued our report thereon dated December 12, 2012. Our report includes a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Department of Water, which is the County's discretely presented component unit, as described in our report on the County's financial statements. This report includes our consideration of the results of the other auditors' testing of internal control over financial reporting and compliance and other matters that are reported on separately by those auditors. However, this report, insofar as it relates to the results of the other auditors, is based solely on the reports of the other auditors.

Internal Control Over Financial Reporting

Management of the County is responsible for establishing and maintaining internal control over financial reporting. In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies, or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2012-02 to 2012-04 to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2012-01 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the County, in a separate letter dated December 12, 2012.

The County's response to the findings identified in our audit is described in Part V, Corrective Action Plan of this report. We did not audit the County's response and, accordingly, we express no opinion on it.

PART II

**AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
AND ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH
REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL
EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133
AND ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

To the Chair and Members of
the County Council of Kaua'i, Hawai'i
Lihue, Kaua'i, Hawai'i

Compliance

We have audited the County of Kaua'i's (the County) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the fiscal year ended June 30, 2012. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal programs for the fiscal year ended June 30, 2012. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2012-06 to 2012-08.

Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questions costs as items 2012-05, 2012-09 and 2012-10 to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency or combination of deficiencies, in internal control over compliance with a type of compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be significant deficiencies, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Kaua'i (the County), as of and for the fiscal year ended June 30, 2012, which collectively comprise the County's basic financial statements and have issued our report thereon dated December 12, 2012. We did not audit the financial statements of the Department of Water, which is the County's discretely presented component unit. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The County's response to the findings identified in our audit is described in Part V, Corrective Action Plan of this report. We did not audit the County's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, members of the County Council of Kaua'i, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
Fiscal Year Ended June 30, 2012

NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activities of the County and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the County.

NOTE B - SUBRECIPIENTS

Of the federal expenditures presented in the schedule of expenditures of federal awards, the County provided federal awards to subrecipients as follows:

NOTE C - LOANS OUTSTANDING

The County had the following newly issued loan balances outstanding as of June 30, 2012. These loan program amounts are also included in the federal expenditures presented in the schedule of expenditures of federal awards.

Cluster/Program Title Outstanding	CFDA Number	Amount
Community Development Block Grants	14.228	\$ <u>170,200</u>

NOTE D - OUTSTANDING LOAN BALANCES

The State Revolving Fund Loans are for the construction of necessary wastewater treatment facilities and projects. As of June 30, 2012, the outstanding principal amounted to \$18,238,386 that bears interest at 0.50 percent to 3.78 percent. The loans require semi-annual principal and interest payments and loan fees through fiscal year 2030. The County has 10 projects funded with these loans.

SECTION II - FINANCIAL STATEMENT FINDINGS

No. **Internal Control Findings**

2012-01 Compile Vacation and Sick Leave Records Properly - Significant Deficiency

The County prepared a summary leave schedule to compute its accrued compensated absence liability balance and reported the liability to the Department of Finance. The liability was based on the balance of earned hours per individual leave records multiplied by each employee's hourly salary rate. Each department in the County uses a different manual process to maintain and report the vacation and sick leave records which resulted in errors in the amount of hours and dollars reported to the Department of Finance. The following were the conditions noted during our review of vacation and sick leave files:

- There were five instances where vacation or sick leave hours per the employee's leave log did not agree to the department's summary sheet.

Recommendation

The County should validate the amounts of vacation and sick leave balances being reported against the personnel and payroll records to ensure accuracy and completeness before reporting the balance to the Department of Finance. The County should implement a standardized process and schedule to track employees' leave hours. The County should also increase the number of random quality control reviews of leave records to ensure that vacation and sick leave records are accurately reported.

2012-02 Recognize Tax Appeals Filed in the Period Taxes Are Paid - Material Weakness

In June 2011, two large, multi-parcel projects made payments for the real property tax assessments (including back assessments) and subsequently filed an appeal of the taxes assessed. In the fiscal year ended June 30, 2011, these property taxes were reported as tax revenues as the transfer to the Real Property Tax Trust Fund was not made for the amount of taxes collected on appeal. The County should not have recognized revenues for these taxes that were on appeal. The transfer for these properties on appeal was made in March 2012.

The County over stated real property tax revenues in the fiscal year ended June 30, 2011 by \$3,612,983.52. For the fiscal year ended June 30, 2012, the County made a prior period adjustment to properly state the beginning fund balance and current fiscal year real property tax revenues.

Recommendation

The County should establish procedures to ensure that the balance in the Real Property Trust Fund is properly stated which would include reconciling the balance to the active appeals at fiscal year end.

2012-03 Reconcile Real Property Tax Trust Fund Account - Material Weakness

The County utilizes its Real Property Tax software to produce reports that identify parcels where the owners have filed an appeal of their property values used to assess the real property taxes owed. According to Section 5A-12.12 of the Kaua'i County Code (Code) the County is required to transfer the real property taxes paid pending appeal to the Real Property Tax Trust Fund. The County's procedure to comply with the Code is to periodically run these reports and then transfer the taxes paid to the Real Property Tax Trust Fund. During the current year's audit, we noted the following:

- In March 2012, the Real Property Tax Collection Division (Division) computed the taxes paid and on appeal, then transferred that amount from the General Fund into the Real Property Tax Trust Fund. This transfer totaled \$6,727,447. In May 2012, the Division ran a special report to attempt to identify additional appeals which were recently filed and subsequently transferred \$4,359,667 from the General Fund to the Real Property Tax Trust Fund. During our audit, we noted that this transfer was made in error and the special report included the appeals that were already transferred in March 2012.
- In June 2012, a refund of \$1,233,943 was made from the General Fund for properties on appeal through an Authorized Adjustment that decreased the taxes due. The Division's procedures were to refund Authorized Adjustments from the General Fund; however, Authorized Adjustments were normally not made on properties on appeal. Since these properties were on appeal and the taxes paid had already been transferred into the Real Property Tax Trust Fund, the refund should have been made from the trust fund. This refund from the General Fund understated real property tax revenues by the \$1.2 million refunded.
- The current procedures used by the Division are to periodically run reports of the outstanding appeals and then compare them with the balance in the Real Property Tax Trust Fund bank account. The difference between the bank balance and the reports were then requested to be transferred from the General Fund to the Real Property Tax Trust Fund. This process could allow errors or fraud to go undetected. Since this account is a trust fund, the practice should be to maintain a listing of the amounts being held in trust, and any additions or deletions should be accounted for. The listing should be balanced against the outstanding appeals on a monthly basis and any discrepancies should be investigated.

As of June 30, 2012, the Real Property Tax Trust Fund held \$9,751,303 for active appeals. The errors noted during the current year's audit resulted in an understatement of real property tax revenues of approximately \$5.6 million for the fiscal year ended June 30, 2012.

2012-03 Reconcile Real Property Tax Trust Fund Account (Continued)

Recommendation

The County should establish procedures to ensure that the balance in the Real Property Tax Trust Fund is properly stated which would include reconciling the report of active and open appeals to the balance in the trust fund at fiscal year end. The reconciliation of the account should be done monthly with the bank reconciliation and should support the balance in the account.

2012-04 Properly Record and Maintain Housing Records - Material Weakness

The Housing Fund purchases properties that the County intends on holding for resale or leasing on a long-term basis as leasehold property. These properties are maintained separately from the County-wide capital asset system until they are sold as leasehold property, at which time they are added to the capital asset system. During the preparation of the current year financial statements, there were several discrepancies noted in the details of the capital assets and property inventory listing, and when accumulated, resulted in a prior period adjustment. The following are the discrepancies noted:

- Construction in progress held the costs for homes that did not belong in the Housing Revolving Fund totaling approximately \$840,000.
- Land costs of approximately \$586,000 were included in both the capital asset land cost and inventory balances.

The Housing Fund also holds County owned affordable rental housing projects. The County uses various sources of funds, including federal funds to construct these projects. In March 2010, the County entered into an agreement with a non-profit developer to provide funds for the construction of the Pa’anau Village Phase 2 housing project. During the construction of the project, the County included amounts provided to the developer as construction in progress in the Housing Fund’s capital assets. As of June 30, 2012, approximately \$1.9 million provided to the developer overstated the capital assets of the County in the Housing Fund.

Recommendation

The County should establish procedures to ensure that the capital asset records of the County are properly stated. These procedures should include reconciling the balance reported in the financial statements to the capital asset records of the County. In addition, the County should establish procedures to ensure that development agreements are reviewed for proper recording of the expenditures.

<u>Ref. No.</u>	<u>Compliance and Internal Control Findings</u>	<u>Questioned Costs</u>
-----------------	---	-------------------------

2012-05 Properly Identify All Federal Programs - Material Weakness

Federal agency:	Environmental Protection Agency
Pass through entity:	State of Hawaii, Department of Health
CFDA No.:	66.458
Program:	Capitalization Grants for Clean Water State Revolving Funds

Criteria: The Capitalization Grants for Clean Water State Revolving Funds grant is awarded to the State of Hawaii, Department of Health to create and maintain Clean Water State Revolving Funds (CWSRFs) to: (1) enable the States to encourage construction of wastewater treatment facilities to meet the enforceable requirements of the Clean Water Act (Act); (2) increase the emphasis on nonpoint source pollution control and protection of estuaries; and (3) establish permanent financing institutions in each State to provide continuing sources of financing to maintain water quality. The CWSRF provides loans and other types of financial assistance (but not grants) to qualified communities and local agencies. The County has been a recipient of these funds through low-interest loans for many years. 40 CFR Part 31 requires subgrantees of these funds to have audits in accordance with OMB Circular A-133.

Condition: We noted the current fiscal year Schedule of Expenditures of Federal Awards (SEFA) did not include the amounts loaned for the fiscal year under the CWSRF. We noted that in the two prior fiscal year audits, these amounts were also not covered by the audit.

Fiscal Year 2012	\$2,805,726
Fiscal Year 2011	\$1,556,452
Fiscal Year 2010	\$4,876,448

Cause: The County did not properly identify the source of the loan funding that was provided by the State's Department of Health. The loan documents stated that a Single Audit in accordance with OMB Circular A-133 was required by the County, and therefore the County should have investigated this requirement.

2012-05 Properly Identify All Federal Programs (Continued)

Effect: The current fiscal year unadjusted SEFA was understated by approximately \$2.8 million. The County had understated the SEFA in the prior fiscal years by the amounts borrowed under this revolving loan program. At June 30, 2012, the total outstanding balance on these loans under the CWSRF was approximately \$18.2 million.

\$ --

Recommendation: The County should ensure that all federal programs are properly identified. The County receives various funding from the State departments and should ensure that any federal funds are properly identified and reported in accordance with OMB Circular A-133.

2012-06 Certification for Federally Funded Employees

Federal agency: U.S. Department of Housing and Urban Development
CFDA No.: 14.871
Program: Section 8 Housing Choice Vouchers

Criteria: In accordance with OMB Circular A-87, compensation for personnel services includes all remuneration, paid currently or accrued, for services rendered during the period of performance under federal awards, including but not necessarily limited to wages, salaries, and fringe benefits. The costs of such compensation are allowable to the extent that they satisfy the specific requirements of this Circular. In accordance with this Circular, where employees are expected to work solely on a single federal award or cost objective, charges for their salaries and wages will be supported by periodic certifications that the employees worked solely on that program or the period covered by the certification. These certifications will be prepared at least semi-annually and will be signed by the employee or supervisory official having first-hand knowledge of the work performed by the employee.

Condition: During our testing of the allowable costs compliance requirement for the Section 8 Housing Choice Vouchers program, we noted that the program had employees that spent 100% of their time on the grant but did not obtain semi-annual certifications signed by the employees or their supervisors confirming that they worked solely on grant related activities in accordance with OMB Circular A-87 guidelines for payroll.

Cause: Although proper controls are in place to ensure that only employees that spend time on grant-related activities actually charged time to the program, there was no documentation maintained to confirm that the time allocated to the program for these employees were periodically reviewed by the employees or their supervisors.

Effect: There was no documentation maintained to confirm the time allocated to the program for these employees.

\$ _____

Recommendation

The County should obtain semi-annual certifications from all employees that spend 100% of their time on federally funded grants, confirming that they worked solely on grant related activities. The certification should be signed by either the employees or their supervisors.

2012-07 Identification of Subrecipient Expenditures

Federal agency: U.S. Department of Housing and Urban Development
CFDA No.: 14.228/14.255
Program: Community Development Block Grants Cluster (CDBG)

Criteria: In accordance with OMB Circular A-133, the pass-through entity should identify in the Schedule of Expenditures of Federal Awards (SEFA) the total amount provided to subrecipients from each Federal program.

Condition: During our testing of the subrecipient monitoring compliance requirement for the CDBG program, we noted that the program was unable to provide a complete listing of expenditures that were provided to subrecipients during the current fiscal year.

Cause: Although proper controls are in place to ensure that subrecipient activities are monitored during the award, there are no policies and procedures in place to identify the amount of expenditures provided to subrecipients from total program expenditures during the fiscal year.

Effect: The County was unable to identify the amount of current fiscal year expenditures that were provided to subrecipients for SEFA reporting purposes.

\$ --

Recommendation

The County should implement policies and procedures to review current fiscal year expenditures to identify expenditures provided to subrecipients and ensure that those expenditures are supported by subrecipient activity.

2012-09 Reconcile Federal Expenditures - Material Weakness

Federal agency: U.S. Department of Transportation

Pass through entity: State of Hawaii, Department of Transportation

CFDA No.: 20.500 and 20.509

Program: Federal Transit - Capital Investment Grants and Formula Grants for Other than Urbanized Areas

Criteria: The County is required to prepare Federal financial reports from the accounting records that support the audited financial statements and the Schedule of Expenditures of Federal Awards.

Condition: During our testing of the reporting compliance requirement, we noted that the amounts reported by the Department of Transportation (Department) to the pass-through entity was not supported by the accounting records used to prepare the audited financial statements and the Schedule of Expenditures of Federal Awards.

- The cumulative beginning expenditures reported to the grantor on one of the grants (T07001) was greater than the amounts recorded in the project's accounting records by \$42,047. The Department was unable to reconcile the difference.

During the fiscal year, one of the quarterly reports on the same grant (T07001) reported \$2,964 more expenditures than the accounting records. The Department was unable to reconcile the difference.

As a result, the cumulative amount of expenditures reported to the grantor exceeded the accounting records by \$45,011.

- The cumulative beginning expenditures reported to the grantor on another grant (T10001) was less than the amounts recorded in the project's accounting records by \$29,588. The Department was unable to reconcile the difference.

During the fiscal year, the Department reported \$37,595 more expenditures than the accounting records (T10001). The Department was unable to reconcile the difference.

As a result, the net cumulative amount of expenditures reported to the grantor exceeded the accounting records by \$8,007.

2012-10 Improve Controls Over Matching - Material Weakness

Federal agency: U.S. Department of Transportation

Pass through entity: State of Hawaii, Department of Transportation

CFDA No.: 20.500

Program: Federal Transit - Capital Investment Grants

Criteria: The program requires the County to fund a portion of the expenditures incurred. Generally, the federal share of the capital costs cannot exceed 80%.

Condition: During our testing of the reporting compliance requirement, we noted three instances totaling \$3,808, where the County was unable to support the 20% support for the County's match.

Cause: The Department allocates the expenditures for the grant based on the matching percentage, typically 80%. When preparing the quarterly reports, the Department process does not include a process to reconcile the County's share of the expenditures to the amounts reported in the federal report.

Effect: The County over reported the federal share of the expenditures on the program.

Recommendation

The Department should follow the County's established policies and procedures to reconcile financial reports to the general ledger accounting system .

SECTION II – FINANCIAL STATEMENT FINDINGS

Ref No. 2012-01 COMPILE VACATION AND SICK LEAVE RECORDS PROPERLY

Auditor’s Recommendation: The County should validate the amounts of vacation and sick leave balances being reported against the personnel and payroll records to ensure accuracy and completeness before reporting the balance to the Department of Finance. The County should implement a standardized process and schedule to track employees’ leave hours. The County should also increase the number of random quality control reviews of leave records to ensure that vacation and sick leave records are accurately reported.

Corrective Action: The County acknowledges that the vacation and sick leave monitoring and reporting activity needs to be strengthened to reduce the risk of errors, especially as it is governed by various acts, regulations, policies, collective bargaining agreements, directives and guidelines. The County intends to initiate utilization of the existing accrual system which automatically calculates each employees leave entitlements such as vacation and sick leave credits based on their respective collective agreements. The County intends to provide random quality monitoring and reporting controls to support departments proper processing of leave transactions.

Ref No. 2012-02 RECOGNIZE TAX APPEALS FILED IN THE PERIOD TAXES ARE PAID

Auditor’s Recommendation: The County should establish procedures to ensure that the balance in the Real Property Trust Fund is properly stated which would include reconciling the balance to the active appeals at fiscal year end.

Corrective Action: All funds being transferred between Real Property Trust Account and the County General Account will now require a second approval from the Real Property Review Officer prior to actual transfer being processed. A minimum of one transfer will be completed prior to the closing date of the fiscal year to insure all funds are transferred in the actual year of appeal.

Ref No. 2012-03 RECONCILE REAL PROPERTY TAX TRUST FUND ACCOUNT

Auditor’s Recommendation: The County should establish procedures to ensure that the balance in the Real Property Tax Trust Fund is properly stated which would include reconciling the report of active and open appeals to the balance in the trust fund at fiscal year end. The reconciliation of the account should be done monthly with the bank reconciliation and should support the balance in the account.

Corrective Action: Appeals Litigated Funds Report will be run on a **monthly** basis and reconcile with the Treasury Trust Fund Bank Statement and will be reconciled with the bank balance on a monthly basis.

End Date: On-going

Responding Person: Sally Motta, Deputy Director of Finance, Department of Finance

Ref No. 2012-04 PROPERLY RECORD AND MAINTAIN HOUSING RECORDS

Auditors Recommendations: The County should establish procedures to ensure that the capital asset records of the County are properly stated. These procedures should include reconciling the balance reported in the financial statements to the capital asset records of the county. In addition, the County should establish procedures to ensure that development agreements are reviewed for proper recording of the expenditures.

Corrective Action: The Housing Agency will establish procedures to include reviews of development agreements in determination of cost recordation. The Housing Agency will work with the Finance department to establish procedures for the reconciling of balances related to capital asset land costs and inventory balances.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Ref No. 2012-05 PROPERLY IDENTIFY ALL FEDERAL PROGRAMS

Auditor’s Recommendation: The County should ensure that all federal programs are properly identified. The County receives various funding from the State departments, and should ensure that any federal funds are properly identified and reported in accordance with OMB Circular A-133.

Corrective Action: In the past, the Capitalization Grants for Clean Water State Revolving Funds (CWSRFs) were treated solely as loans. Loan documents were processed at the County level not grant award documents, it was thought to have been loans and was not reported on the SEFA. With the identification of this finding we will on the current Schedule of Expenditures of Federal Awards (SEFA) and future SEFA’s report on the amounts that were drawn down over the fiscal year being audited. A review of other programs or funding that may be similar in nature will be conducted by the end of this calendar year by the Budget Analyst in Finance, to ensure that future reporting of this nature is accurate on the SEFA.

Ref No. 2012-06 CERTIFICATION FOR FEDERALLY FUNDED EMPLOYEES

Auditor’s Recommendations: The County should obtain semi-annual certifications from all employees that spend 100% of their time on federally funded grants, confirming that they worked solely on grant related activities. The certification should be signed by either the employees or their supervisors.

Corrective Action: For HUD Section 8 employees, we have included a certification on our timesheets that attest to Section 8 employees spending 100% of their time on the Section 8 Program. The timesheet is signed by the employee and the Department Head.

Ref No. 2012-07 IDENTIFICATION OF SUBRECIPIENT EXPENDITURES

Auditor’s Recommendations: The County should implement policies and procedures to review current fiscal year expenditures to identify expenditures provided to subrecipients and ensure that those expenditures are supported by subrecipient activity.

Corrective Action: The Housing Agency has a process in place to ensure that the payments to sub recipients are properly supported. Sub recipient expenditures will be identified and provided to Grants Program Manager for the SEFA notes at year end. Housing will have the breakdown of expenditures provided for the SEFA notes available for review.
