Water conservation notice issued from Wainiha to Haena until further notice

(8:15 p.m.) HAENA - The Department of Water (DOW) has issued an immediate water conservation notice from Wainiha to Hā'ena until further notice, due to an electrical power outage affecting water system facilities. Customers are advised to limit water use to essential needs only, such as drinking, cooking and sanitation purposes, to avoid a full water service outage.

Water conservation measures also include turning off appliances and fixtures that automatically draw water such as ice machines and irrigation systems and refraining from car washing and other non-essential water uses.

An update will be provided when the water conservation notice has been lifted.
