Spring Cleaning for Success!

Spring isn't just for tidying your home, it's the perfect time to declutter your finances, goals, and routines! Here are some practical tips to help you start fresh!

Declutter Your Finances

- **Organize Bills & Statements:** Gather all your bills and set up a system, digital folders or a binder to keep track of due dates.
- **Cancel Unused Subscriptions:** Review streaming services, apps, and memberships you no longer use.
- **Set up Auto-Pay:** Avoid late fees by automating recurring payments for utilities and loans

Refresh Your Budget

- **Review Spending Habits:** Look at where your money went in the past 3 months and adjust your budget for spring.
- **Plan for Seasonal Expenses:** Factor in things like graduations, summer activities, or travel.
- **Start a Savings Challenge:** Try saving \$5-\$10 a week for an emergency fund or summer goal.

Digital Declutter

- **Clean Your Inbox:** Unsubscribe from emails you do not read and organize important messages.
- **Update Passwords:** Secure your accounts with strong, unique passwords.
- **Set Reminders:** Use your phone or calendar to track deadlines for bills, appointments, and FSS goals!

Home Organization

- **Donate or Sell Items:** Clear out clothes, toys, and household items you no longer need.
- **Create a Calm Space:** A tidy environment can reduce stress and boost productivity.
