How you're paid:

- No customer counts will be accepted. Customers may request a hand count of up to 200 beverage containers per redemption visit. After 200, materials may be weighed.
- Materials will be weighed and paid at the following State regulated rates:
 - Aluminum Cans: 32 units per lb. = \$1.60 per lb.
 - Bi-metal Cans: 5.9 units per lb. = \$.295 per lb.
 - Plastic Beverage Containers: 18.8 units per lb. = \$.94 per lb.
 - Small Plastic Beverage Containers (you have the option to sort out bottles 17 oz. or less for a higher payment): 26.3 units per pound = \$1.315 per lb.
 - Glass Beverage Bottles: 2.4 units per lb. = \$.12 per lb.

- Customer refunds shall be in the form of cash or company checks ONLY-no IOU's!

Note: 2-liter containers may be mixed in with the plastic containers or counted separately.
